Pfanstiehl®

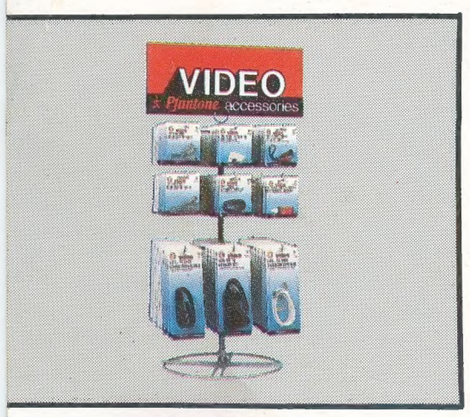
The Success Mix...

Self-Sell Packaging

Every Pfanstiehl accessory (except those requiring boxes) is packed in a blister package for self-sell merchandising. Each blister card is prominently color coded for product category (Video, Audio, Phone, etc.) and is UPC bar-coded. Complete product descriptions are printed in modern, easy-to-read type and full product instructions are printed on the card back for many items. Suggested list prices are preprinted on almost all packages, making in-store marking unnecessary.

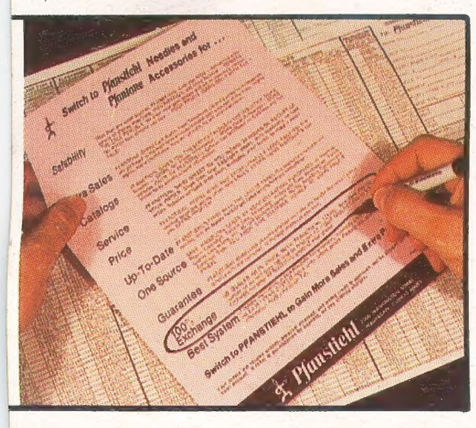
Eye-Catching P.O.P. Display

Nobody does it better than Pfanstiehl . . . or more cost efficiently. All our display racks are designed for maximum display power, within minimum space. They are available as floor, counter or wall models, pre-packed with assortments of our best selling items, or custom selections.



100% Merchandise Exchange Policy

Pfanstiehl has long offered the most liberal merchandise exchange program in the industry. Simply stated . . . any item on our current price lists may be returned at your discretion, in exchange for other Pfanstiehl goods of equal value. This means you are never stuck with a Pfanstiehl product you can't sell.



Extensive Product Lines

The depth and scope of every Pfanstiehl accessory line is unsurpassed in the industry . . . and their high quality lets you sell Pfanstiehl products with absolute confidence in their ability to completely satisfy.

Same Day Shipment

You can't sell what you don't have, so we make certain your order is generally shipped within 24 hours of its receipt. We consistently maintain the large inventories at our factory warehouse that make it possible to provide you with this valuable service.

Helpful Sales Literature

From catalogs to price sheets, Pfanstiehl sales literature is designed specifically to help you buy . . . and sell . . . in the most efficient manner possible. We give you more information, more full-color illustrations and a sensible part numbering system. Also, when something new comes along, you are the first to know.

Abundant Sales Support Materials

As you might expect from an industry leader, Pfanstiehl has them all . . . "Authorized Dealer" Signs, counter mats, banners, ad slicks, in-store displays, bag stuffers, illuminated signs, P.O.P. headers, etc. And if there is something more you need, we are always ready to listen.

Help When You Need It

Whatever help you may need as a Pfanstiehl dealer is never far away. First, our customer service department is an immediate source for expert information. Second, our large staff of factory trained sales reps is readily available for in-store consultation with you and your sales people. At Pfanstiehl, maximum service to our dealer is a total commitment.

All pictures represent products as they appeared during catalog preparation. Pfanstiehl reserves the right to change colors, specifications, etc., without notice when necessary.

DESIGN, PHOTOGRAPHY & PRODUCTION:
JON TENNYSON & ASSOCIATES, INC., ZION, IL

We honestly feel that you are holding in your hands one of the finest, most well-thought-out tools in the consumer electronics accessories business. We take great pride in the standard our catalog has set for completeness, presentation of product and ease of use.

Above all, we believe our catalog is indicative of an attitude, or a philosophy if you will, that we refer to as the "Success Mix." To put it bluntly, a lot of companies can sell you accessories; we're selling more than that. We're selling our customers a system of doing business that does everything possible to insure their success and, as a consequence, our own.

A simple scan of the catalog will demonstrate the quality of our products and the breadth of our product lines. These things are basic to success in our business. But add to these products the knowledge and experience of our nationwide network of representatives. These are individuals who have served successful customers of many types and sizes. They know what it takes to succeed, and they know that sharing that knowledge with you is their best avenue to personal success.

Now add the most sensible merchandise exchange policy in the business. Any items on our current price lists may be returned at your discretion in exchange for other Pfantone goods of equal value. You will not be stuck with products you cannot sell . . . a very important ingredient in the "Success Mix."

Next, add all the inventory we can house in our expanded 100,000 square foot facility, along with our commitment to ship your orders within 24 hours. You cannot sell what you do not have in your store. Consequently, the backing of this kind of fulfillment system is another critical element in the "Success Mix."

Next comes completely redesigned packaging, display racks and headers which not only look good in the store, but offer maximum SKUs in minimum floor space. The new blister packed, UPC coded packaging will sell your customers and act as a user-friendly addition to your inventory and handling system. And, nobody provides more P.O.P. materials than Pfantone.

In short, the Pfantone "Success Mix" is the significant difference that sets us apart from the competition. Put all of the elements to work for you today.

Sincerely,

Merle Nelson

Merle Nelson, President

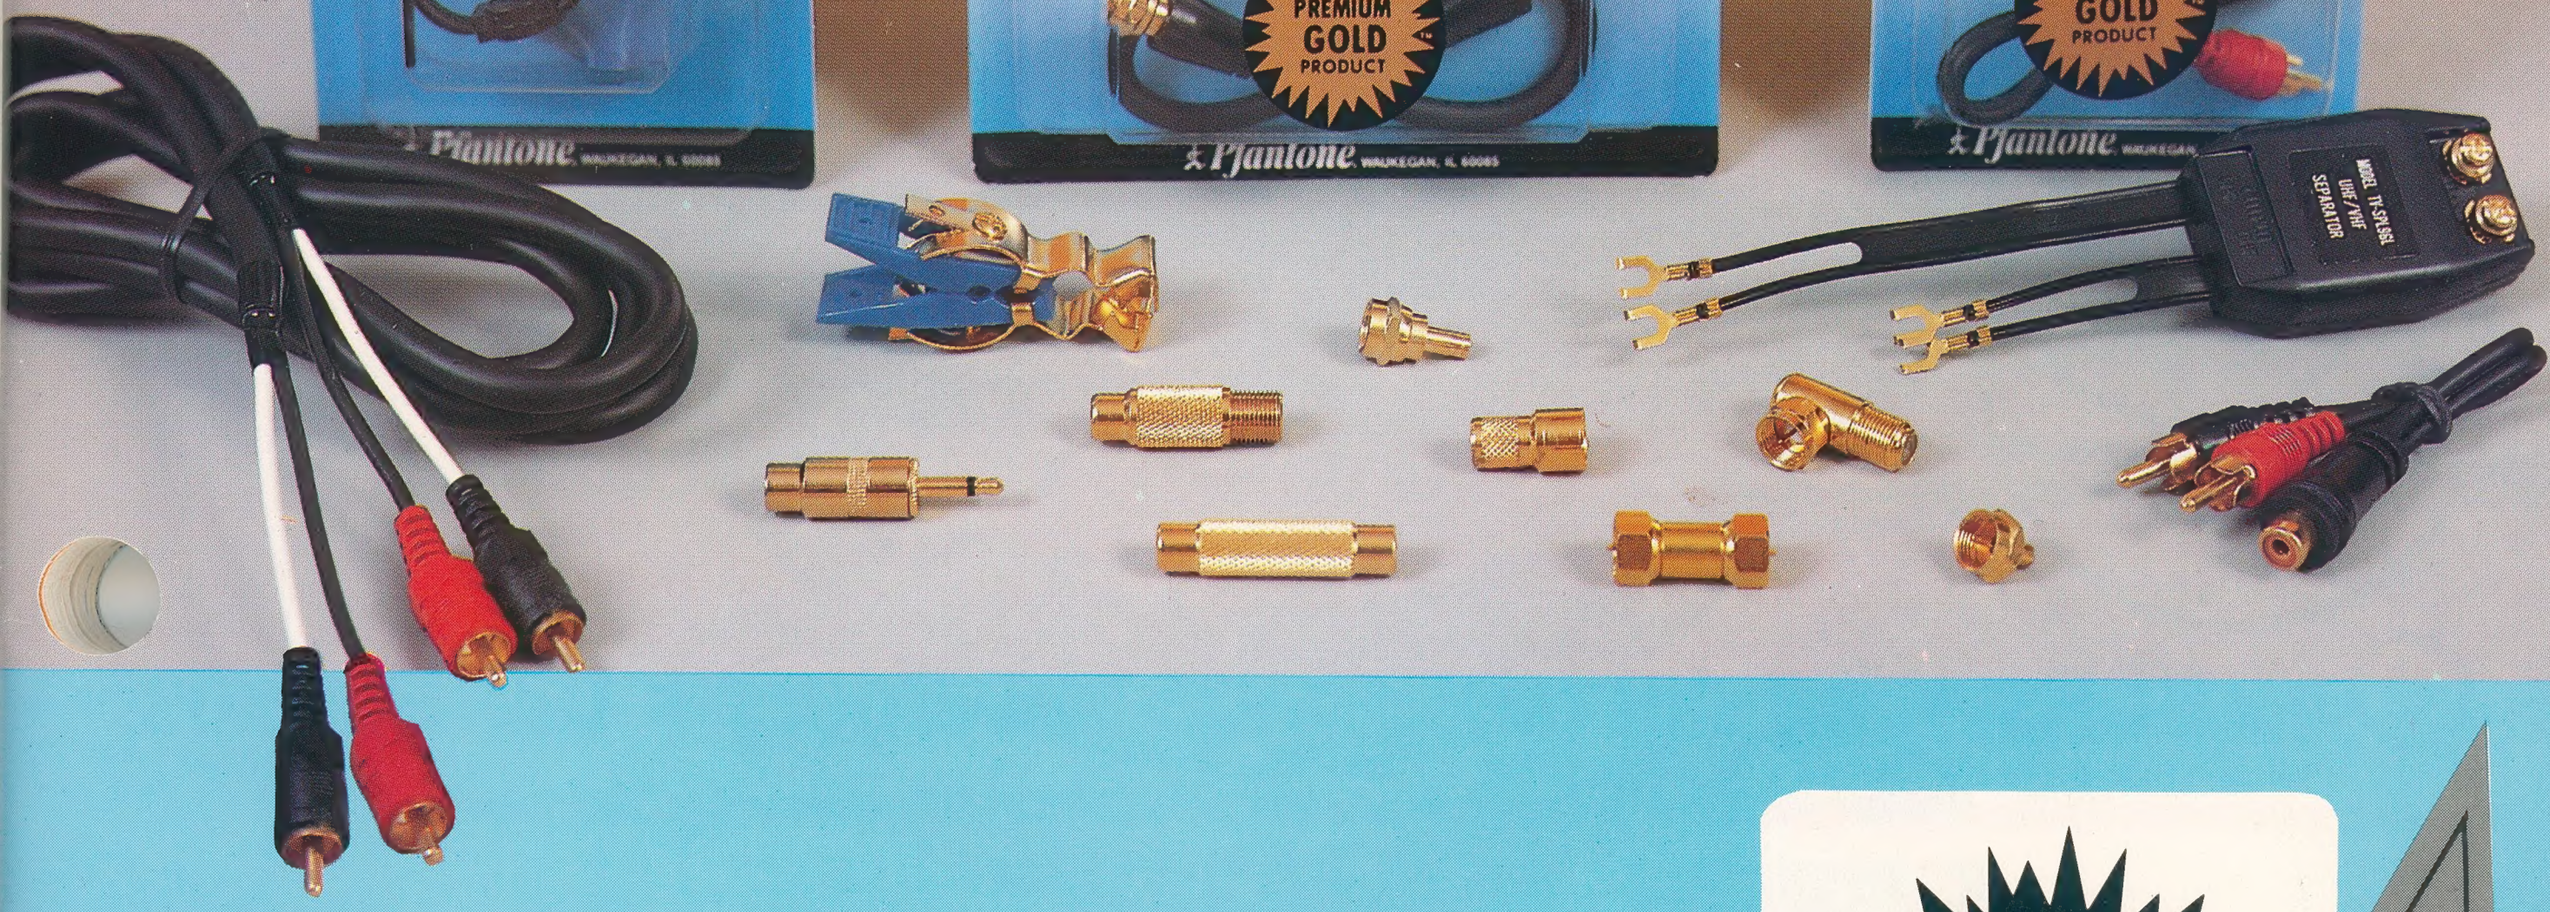
Premium Gold Line

video
TV-F1FGL
75 OHM CONNECTION CABLE
1 Ft. Shielded Coaxial Cable with 24 Karat Gold Plated "F" Type Plugs.
A PREMIUM GOLD PRODUCT
Pfantone WAUKEGAN, IL 60085



Premium Gold . . . The New Ultimate in Quality . . . and Profit.

Discerning audio/video enthusiasts want the best in performance and value. They'll find it in Pfanstiehl's Premium Gold line of accessories. Each connector is plated with 24 karat gold to keep signal loss at an absolute minimum. Premium quality cables have heavier conductors for improved performance. The result: a new standard in interference-free reception . . . and a higher standard of profit.

Premium Gold Assortments/Displays

This 202-item assortment of Premium Gold accessories includes virtually every product needed for any TV set, VCR, or cable-TV installation. Eye-catching, self-sell display rack is only 36″W x 62″H x 16½″D. It's the most convenient way to order, display and sell Premium Gold accessories. Other assortments available.

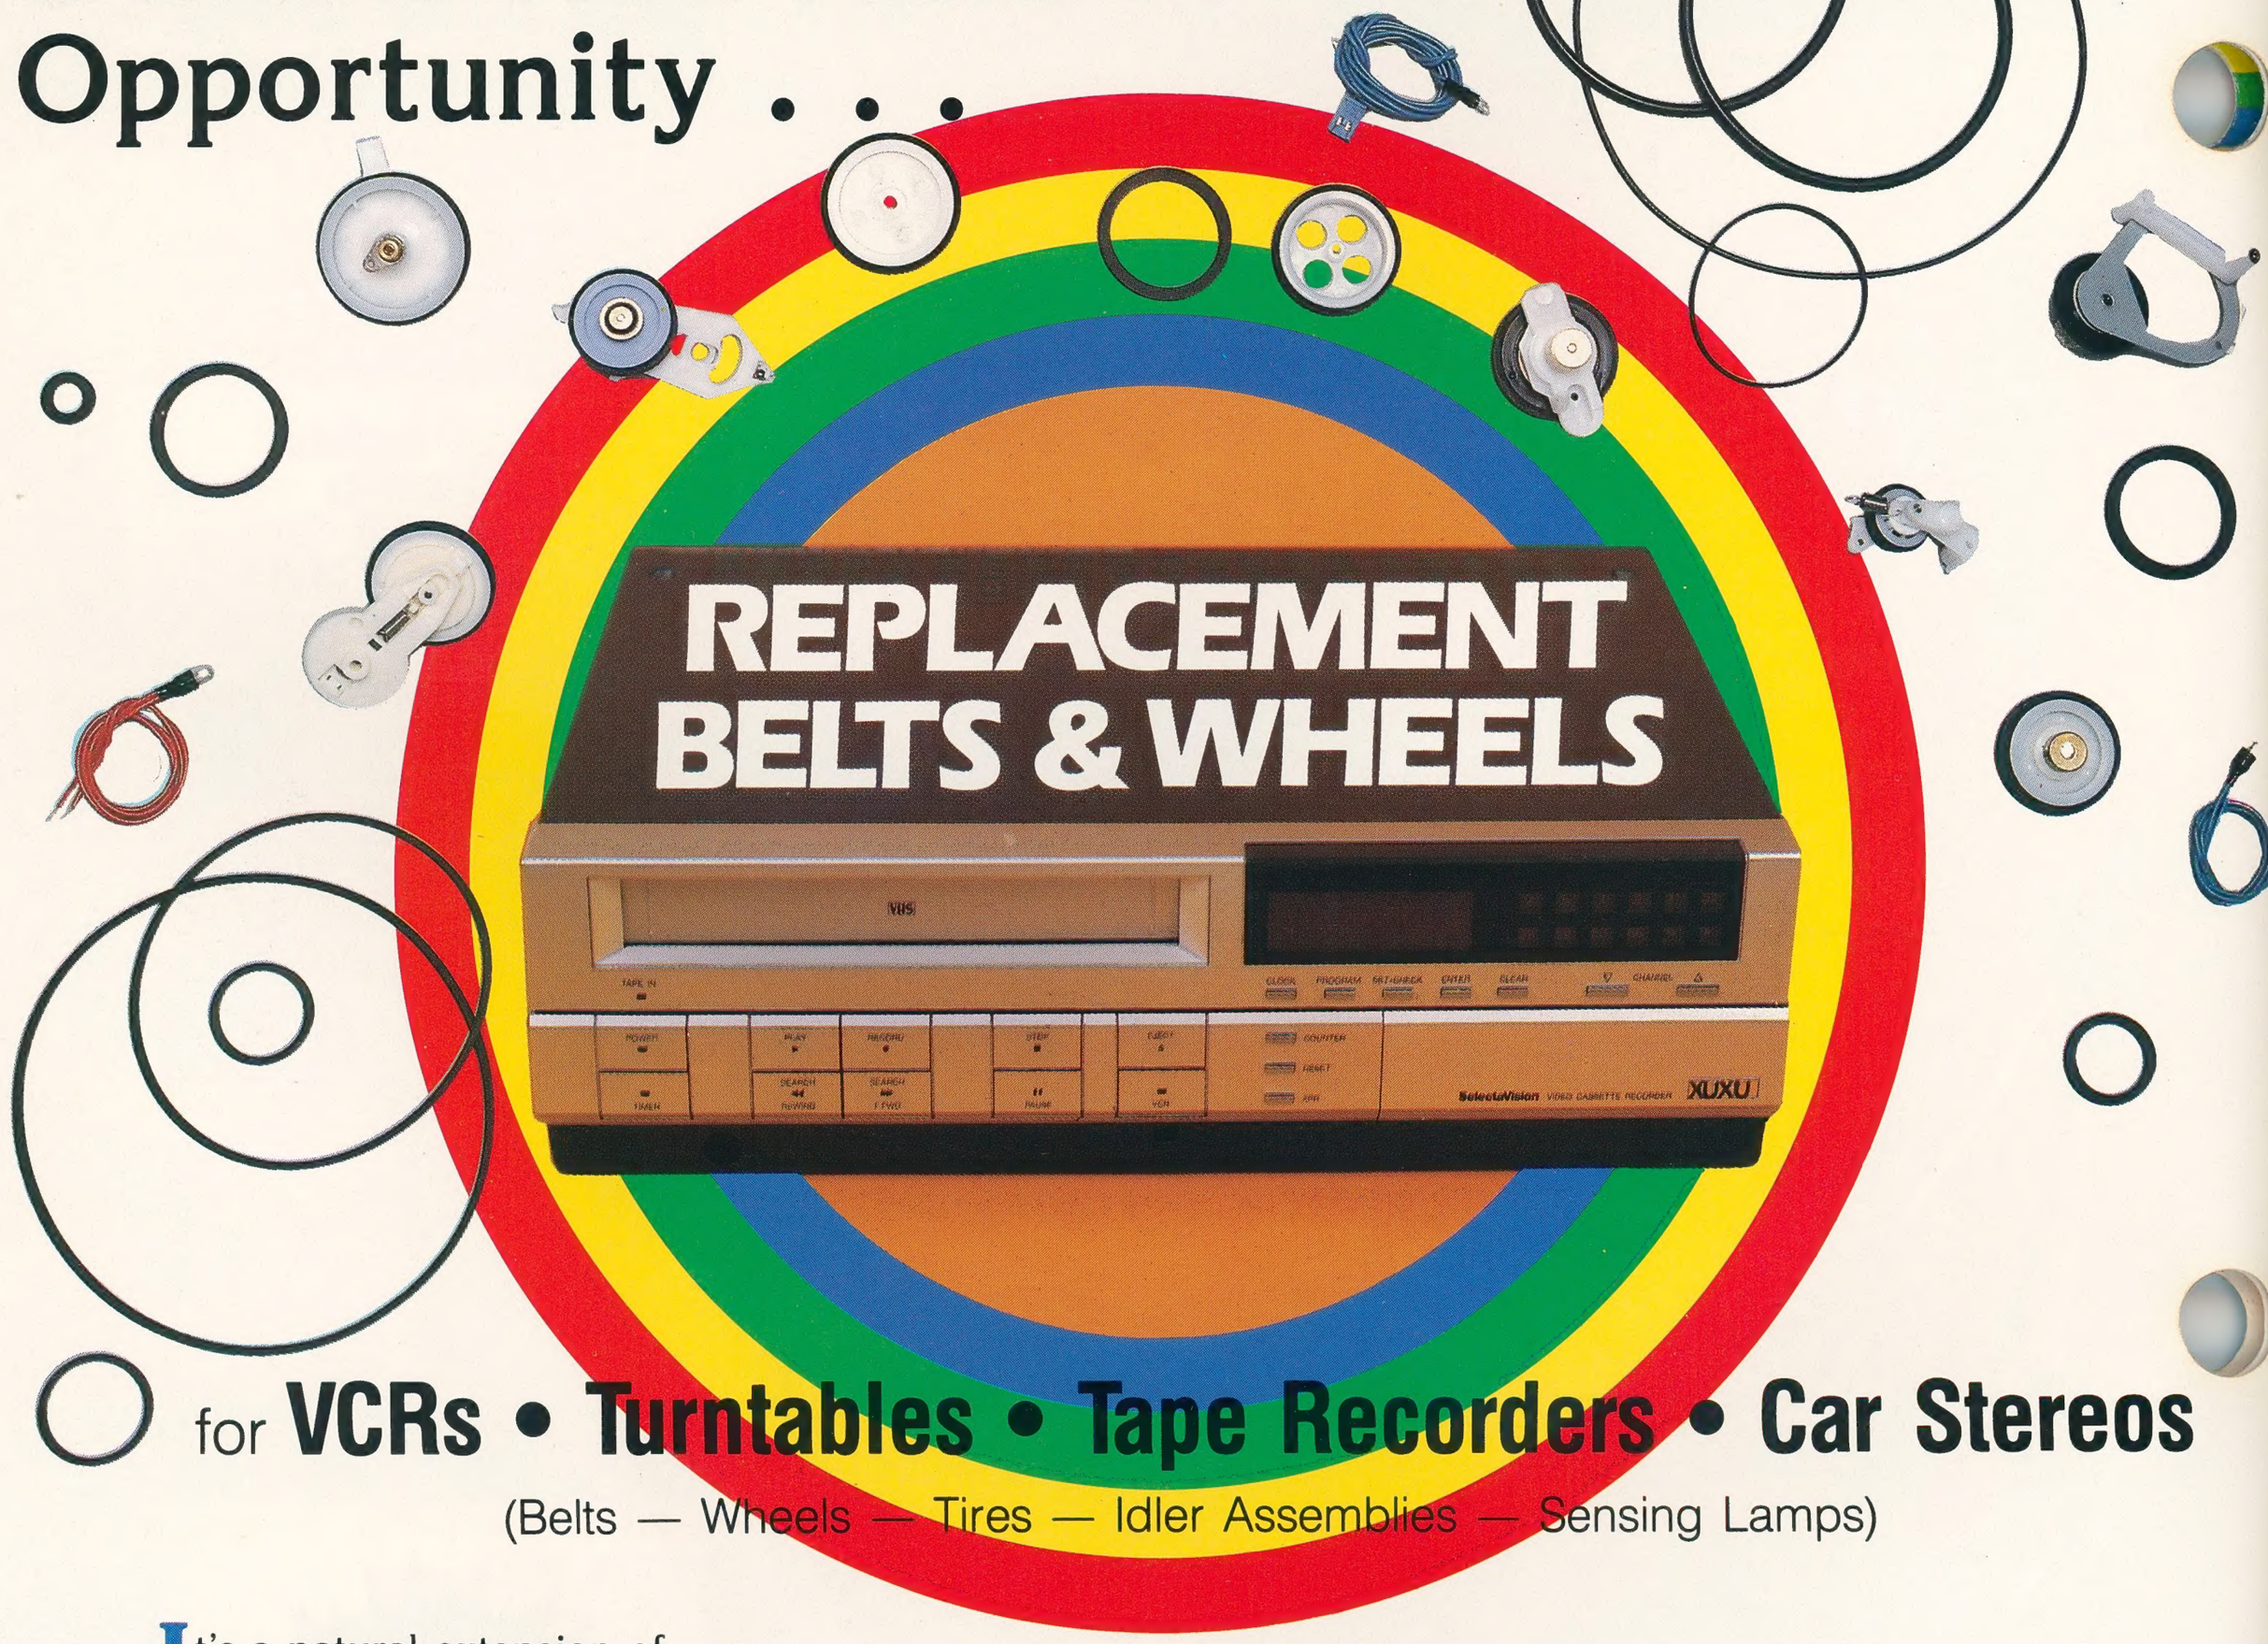
PREMIUM GOLD

Watch for these marks of extra quality . . . extra profit. Spread the sales-appeal of Premium Gold quality throughout your accessories inventory.

Premium Gold Products are noted throughout the catalog by part numbers that end in "GL."

FOLLOW THE LEADER

Now *Pfantone*® puts you in a Whole New Field of Opportunity . . .



for VCRs • Turntables • Tape Recorders • Car Stereos

(Belts — Wheels — Tires — Idler Assemblies — Sensing Lamps)

It's a natural extension of the electronic entertainment revolution: maintenance and repair of the millions of VCRs, turntables, tape recorders and car stereos being operated by Americans every hour of every day.

Now Pfantone—the accessories leader for seven decades—puts you right on top of this profit wave by supplying you with a complete line of replacement belts and wheels needed for most major components. All of the Pfantone advantages are here: great pricing, 24 hour fulfillment, extremely well-thought-out cross-reference, blister packaging and, of course, a national network of service reps, ready to supply all of the "field" help you need!

PFANTONE VIDEO KEY

As with Pfantone Audio products, Pfanstiehl has devised a simple product numbering system for the "TV" items. Once you know the easy code you can determine what product is needed without consulting the catalog, in many cases. The TV CODES are as follows:

A = Male RCA plug
B = Male BNC plug
BLN = Balun (300/75 OHM transformer)
C = Female BNC jack
CPL = 300 OHM coupler
D = ¼" mono phone plug
DC = 3mm DC power plug
DIN = 5 pin DIN plug
F = Male "F" type plug
G = Female "F" type jack
GL = Premium Gold Product
H = Female UHF jack
HSPL = Hybrid Splitter
J = 3.5mm mono mini plug
K = ¼" mono phone jack
L = Female RCA jack
M = Male Motorola plug
P = 3.5mm mono mini jack
Q = Quick connect unit
R = S-VHS Connector
SPL = Splitter
SW = Switch
T = Shielded adapter
U = Male UHF plug
V = 300 OHM Twin-lead
W = Cigarette Lighter Plug

PFANTONE ELECTRONIC SPECIALTIES

AC7W-500
SIX-WAY, SIX VOLTAGE AC-DC CONVERTER
The Ultimate AC-DC Adapter, UL Listed. Our AC7W Adapter with 500mA Output offers a choice of 3, 4.5, 6, 7.5, 9 and 12 Volt DC Outputs, the 6 most widely used Input Plugs (including 1.3mm DC Plug), and Polarity Reversal.

TV-500MA
AC-DC CONVERTER
UL Listed 9 Volt Converter for use with Video Games and Computers including Atari® 3.5mm Plug, Input: 120V AC; Output: 9V DC, 500 mA, 15 ft. Cord.

AC7W-500

TV-500MA

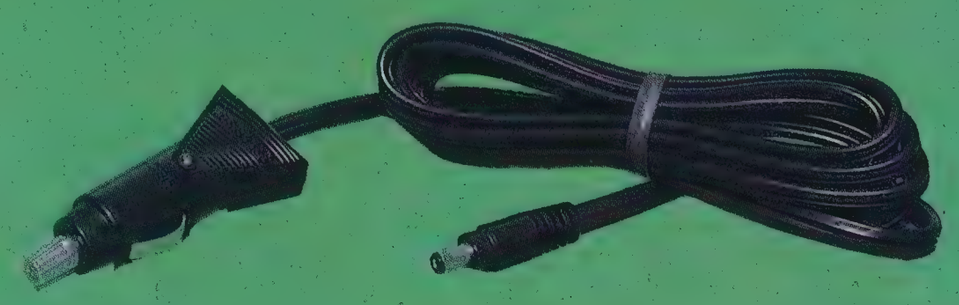
DC4W CONVERTER
SIX-WAY, THREE VOLTAGE DC/DC CONVERTER
Just ONE does the Job of THREE! 3-Position Switch allows Selection of 6, 7.5, or 9 Volt Output. Reversible Polarity. Six different Output Plugs fit virtually any Portable Audio Device. Draws Current from Vehicle's Cigarette Lighter Socket. 300mA Rating. Replaceable Fuse.

PL-3
PILLOW SPEAKER
For Private Listening without disturbing Others. 3.5mm Plug to fit most Recorders and Transistor Radios. 8 Ohms Impedance at 1KHz, 6 ft. Cord.

DC4W

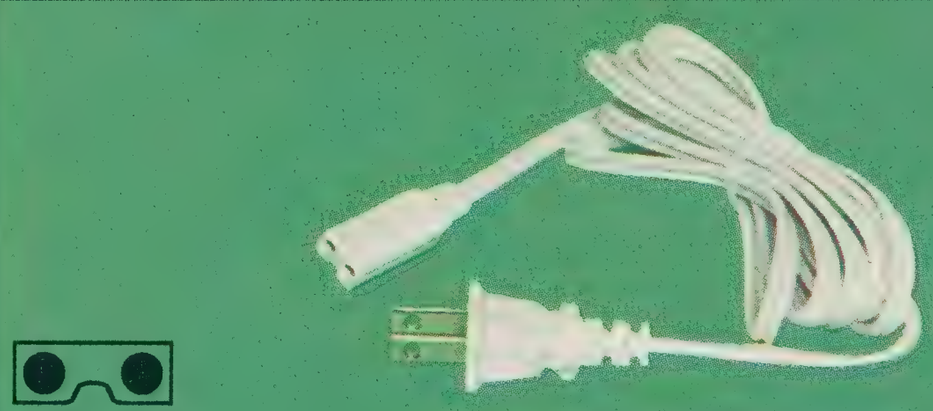
PL-3

TV-DC8W (8 Ft. Cord)
POWER CORD FOR 12 VOLT TV SETS
This Cord has a Cigarette Lighter Plug with Built-In 2 Amp Fuse at One End and a 2.1mm DC Power Plug at the Other. It Will Power MTC Brand, Model MTV-12 TV Set and Others Requiring 12 Volts DC at 2 Amps or Less and Having a 2.1mm DC Power Jack. UL Listed.



CA-12
12V DC to 12V DC CONNECTOR
Plugs into Cigarette Lighter Socket; allows Polarity Change and Selection of any of Four Output Connectors.

AC-CORD (6 Ft., White)
UL listed, 110 Volt AC Line Cord.
Fits Input Jack on many Tape Recorders, Phonos, etc.



AC-CORD2 (6 Ft., Black)
UL Listed, 110 Volt AC Line Cord. "Universal" Type fits Input Jack on many Boom Boxes, Tape Recorders, etc.

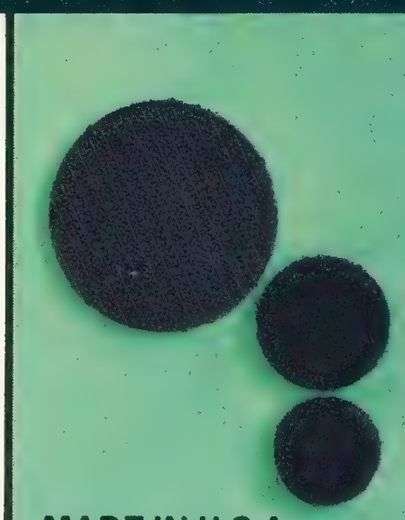
PFANTONE CB CABLES, CONNECTORS & ACCES.

CB-2034 (LEFT)
CB MIKE HANG-UP KIT
Three self-stick VELCRO brand hook and loop discs; an alcohol wipe to prepare the surfaces, and complete instructions, all in a hang-up blister package. VELCRO is a registered trademark of American Velcro, Inc.

CB-2014 (RIGHT)
REPLACEMENT COILED CORD FOR ALL MICROPHONES
Extra long, super heavy duty UNIVERSAL CB Mike Cord. Fits all CB microphones. 10 ft. Extended, 6 conductors, 1 shielded.



MADE IN U.S.A.

CB-1999
COAXIAL CABLE CONNECTOR
PL-259 MALE Coaxial Cable Connector with UG/175U Adapter to fit RG-29, RG-55, RG-58U Cables.

CB-2000
COAXIAL CABLE CONNECTOR
PL-259 MALE Coaxial Cable Connector to fit RG-8 and other 3/8 inch cable.

CB-2001
REDUCER-ADAPTOR
UG-175U threads into PL-259 to accommodate smaller diameter RG-29, RG-55 & RG-58 cable.

CB-2004 **FEMALE CONNECTOR**
SO-239 Female Cable end, for low-loss soldered connection. Fits RG-58 and other 3/16″ cable.

CB-2006
NOISE SUPPRESSOR KITS
6 cylinder auto kit to reduce engine generated signal noises. Contains Suppressors for 6 spark plugs, distributor, generator-condenser.

CB-2007
ALTERNATOR NOISE FILTER
Reduces or eliminates rising and falling whine caused by alternator.

CB-2009
FUSE HOLDER
Nylon, in line fuse holder with extra long, 24″ hook up

CB-2011
MAGNETIC MOUNTING CLIP
Fits all standard CB Microphones. Attach to any convenient flat metal surface.

CB-2014 (see above)
REPLACEMENT COILED CORD FOR ALL MICROPHONES
Extra long, super heavy duty UNIVERSAL CB Mike Cord. Fits all CB microphones. 10 ft. Extended, 6 conductors, 1 shielded.

CB-2015
LIGHTED DUMMY LOAD LIGHT MODULATION POWER TESTER
5 watt, 52 ohm load. 1.1:1 VSWR. Indicates signal strength to help you peak up your rig.

CB-2016
3 PIN FEMALE MIKE PLUG
3 pin microphone plug, heavy duty, has alignment notch.

CB-2018 **MALE DIN PLUG**
5 PIN "DIN" PLUG, for CB and Audio use. Shielded, with plastic cover.

CB-2019 **MALE DIN PLUG**
6 PIN "DIN" PLUG, same features.

CB-2023
DOUBLE MALE CONNECTOR
PL-259 to PL-259, will connect two cables ending in SO-239 terminals.

CB-2027 **EXTRA TOP MOUNT I**
Use to mount and connect CB or Tape Player in second car, boat, camper or for home use as base station. Strong HANGUP BOX for peg board.

CB-2029 **EXTRA TOP MOUNT II**
Use with Mount II to change CB or Tape Player to second car, boat, camper or home use as base station. Sales building HANGUP BOX.

CB-2030
QUICK DISCONNECT KIT
Solderless, insulated, polarized connector for power line or other connections. Dozens of uses. No wire stripping. Use pliers to install.

CB-2031
MIRROR MOUNT BRACKET
Bracket for CB Antenna. Adjust to any angle. Fits mirror brace on campers, trucks, etc. Adaptable to most any antenna, heavily plated, rugged.

CB-2032
HIDEAWAY ANTENNA MOUNT
Fold down Mount to hide Antenna in truck without disconnecting ANYTHING. Easy to install and use. Blister Pack.

CB-2034 (see above)
CB MIKE HANG-UP KIT
Three self-stick VELCRO brand hook and loop discs; an alcohol wipe to prepare the surfaces, and complete instructions, all in a hang-up blister package. VELCRO is a registered trademark of American Velcro,Inc.

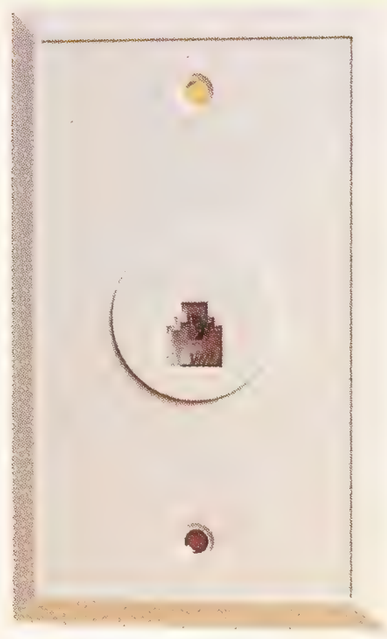
Tops in the Telephone Line!

WALL JACKS



ADAPTERS AND COUPLERS

ANSWERING MACHINE CASSETTES

HANDSET CORDS

and much, much, more!

The telephone revolution continues to grow with new products for the home and the exploding number of home-offices. Our products meet the highest quality standards. All modular contacts are first plated with nickel and then over-plated with a full 30 micro-inches of gold (not the skimpy 5 micro-inches found on most other brands). Pfantone keeps you in the front lines by continuing to be "the first with the latest".

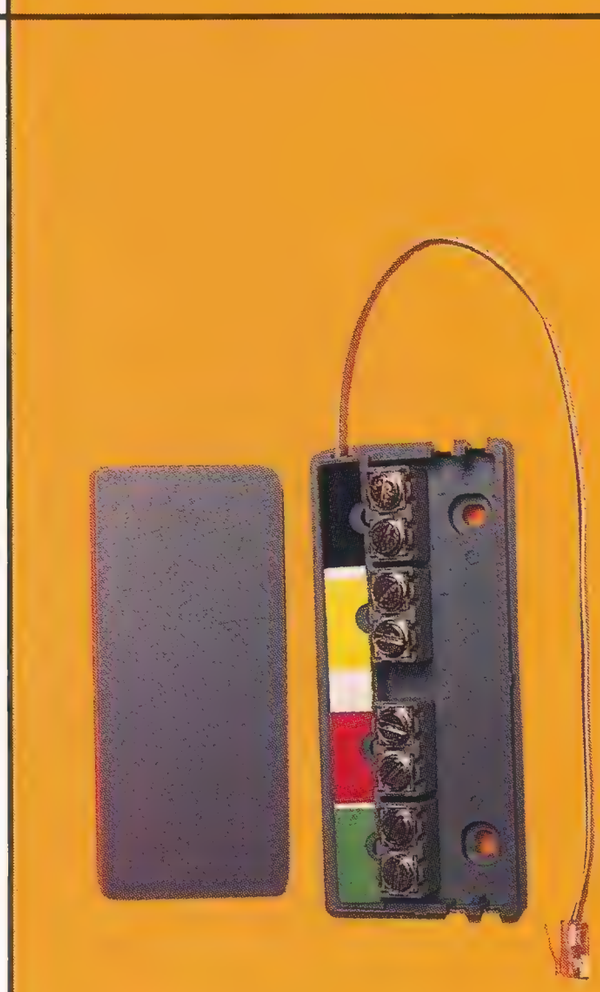
OUTGOING MESSAGE, ENDLESS LOOP, FOIL SENSING STRIP

TL-AMC60EC **(60 Minute)**
INCOMING MESSAGE, LEADERLESS (ALSO FOR SINGLE-CASSETTE MACHINES)

TL-LB **(4 Conductor)**
TELEPHONE JUNCTION BLOCK
Used to Split a Phone Line Into 2, 3 or 4 Branch Lines. Same as TL-LBP Pictured Except Without Cord and Modular Plug.

TL-LBP **(4 Conductor)**
TELEPHONE JUNCTION BLOCK
Used to Split Phone Line at Service Entrance Into 2, 3 or 4 Branch Lines by Plugging Modular Plug Into Phone Company Interface Jack. Also Will Allow Branch Lines to be Run From Any Available Modular Jack.

TL-RC
TELEPHONE RECORDING CONTROL
A "no hands" control for connecting a cassette recorder to a telephone line. One cord is connected to the cassette recorder via the "remote" jack and the "microphone" jack. The other cord plugs into any unused modular jack in the house. The recorder is then set for "record." Whenever a receiver is lifted on any phone in the house, the recorder automatically begins to record. When the receiver is hung-up, the recorder automatically stops.



TL-LBP

TL-RC

TL-PKUP
TELEPHONE PICKUP
Suction cup fastens to telephone handset (receiver). 3.5mm mini plug fits recorder mic input. 3 ft.

PFANTONE TELEPHONE ACCESSORIES

TWISSTOP™ TELEPHONE CORD UNTANGLER
Twisstop rotates to prevent tangled phone cords. Easy plug-in installation.

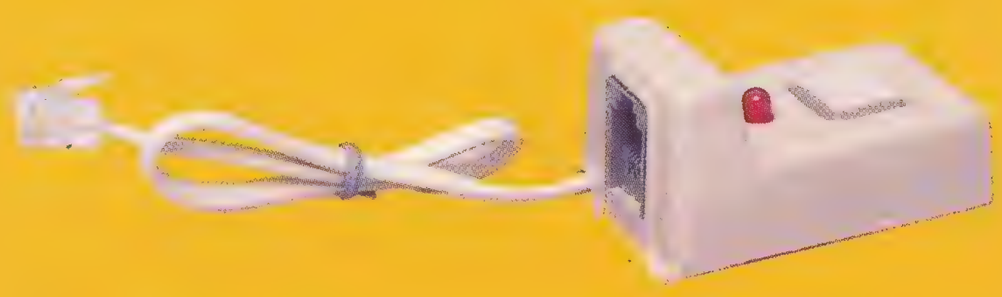
	1 Per Blister Card	2 Per Blister Card
Almond	TL-TS/AL	TL-TS/AL2
Black	TL-TS/BK	TL-TS/BK2
Clear	TL-TS/CL	TL-TS/CL2
White	TL-TS/WH	TL-TS/WH2

TL-AMP
HANDSET AMPLIFIER
Amplifies Handset Speaker Volume without affecting Outgoing Conversation. Has Slide-type Volume Control, on-off Switch, and Requires no Batteries. Great for Noisy Locations and for Hearing Impaired People. Also Improves Clarity for those "Bad Connections" on Long Distance Calls.

TL-HOLD **"HOLD-THE-PHONE"**
ADD-ON HOLD BUTTON
FOR SINGLE LINE TELEPHONES
Hold-The-Phone Connects to Any Single-Line, Modular Telephone in Seconds. To Use, Simply Depress the Hold Button While Hanging Up the Handset (Receiver). Then Anyone Can Answer Any Phone on the Same Line and Hold-The-Phone Will Automatically Release Its Hold.

Hold-The-Phone Eliminates the Need for Listening While Waiting for Another Family Member to Pick Up an Extension Phone. It also Allows You to Move From One Phone to Another Without Leaving the First Phone Off the Hook (and Then Forgetting to Replace it When Your Conversation is Finished).

Hold-The-Phone Comes with a Double-Stick Foam Mounting Pad and Complete, Easy Instructions.



MADE IN U.S.A.

TL-LA **(4 Conductor)**
LIGHTNING ARRESTOR
Connects Between Incoming Phone Line and Modular Telephone, Cordless Phone Base Station or Answering Machine to Protect from Lightning Strikes on Phone Lines. For use with 3-wire electrical wall outlet ground.

PFANTONE TELEPHONE ACCESSORIES (cont.)

TL-P25J **(4 Conductor, 25 Ft. Cord)**
MODULAR TELEPHONE EXTENSION CORD
To Extend the Modular Line Cord between Telephone and Wall.

TL-P25JJ **(4 Conductor, 25 Ft. Cord)**
MODULAR TELEPHONE DUPLEX EXTENSION CORD
To Extend the Modular Line Cord between Telephone and Wall. Has two Modular Jacks for connecting one Phone plus Answering Device, Modem, etc.

TL-4/25 **(25 Ft.)**
TL-4/50 **(50 Ft.)**
TL-4/100 **(100 Ft.)**
4 CONDUCTOR TELEPHONE HOOK-UP WIRE
For use in Wiring of one-line Telephones including those with Lighted Dials. Conductors: 24 Ga. copper.

MADE IN U.S.A.

TL-P7P **(4 Conductor, 7 Ft. Cord)**
TL P14P **(4 Conductor, 14 Ft. Cord)**
TL-P25P **(4 Conductor, 25 Ft. Cord)**
MODULAR/MODULAR LINE CORD
Extension Cord, Equipped with Modular Plugs on each end.

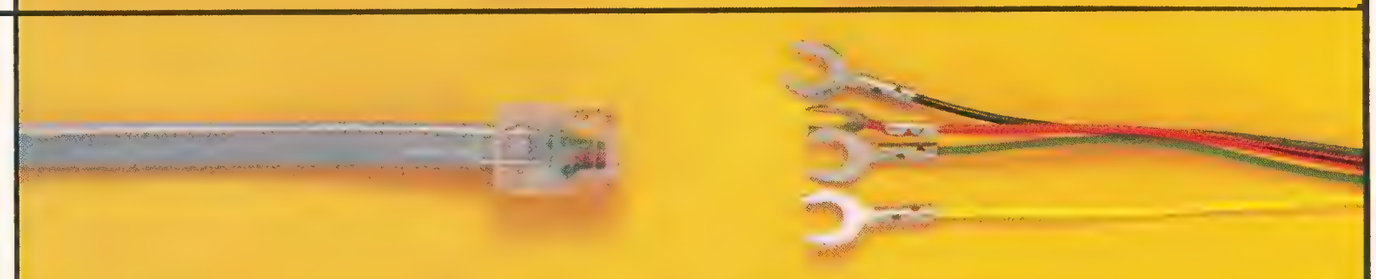
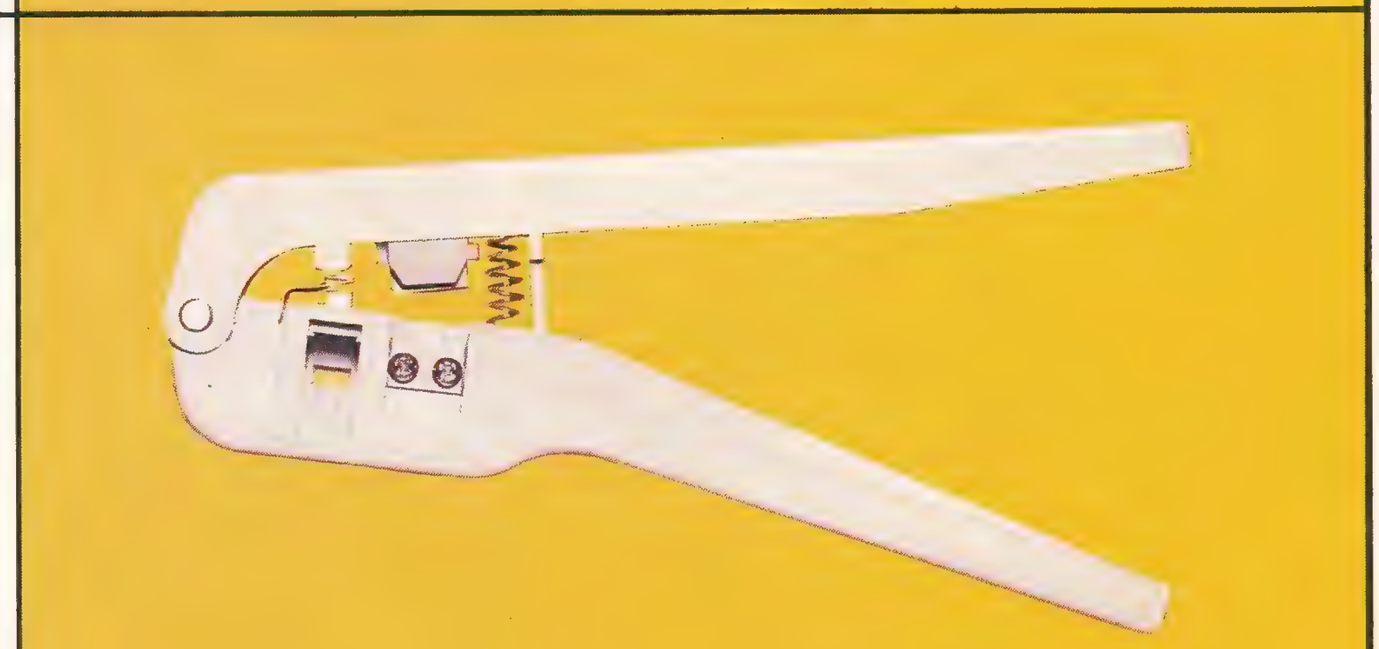
TL-P25V **(4 Conductor, 25 Ft. Cord)**
MODULAR/TERMINAL LINE CORD
Replacement Cord, 4 Spade Lugs to Modular Plug.



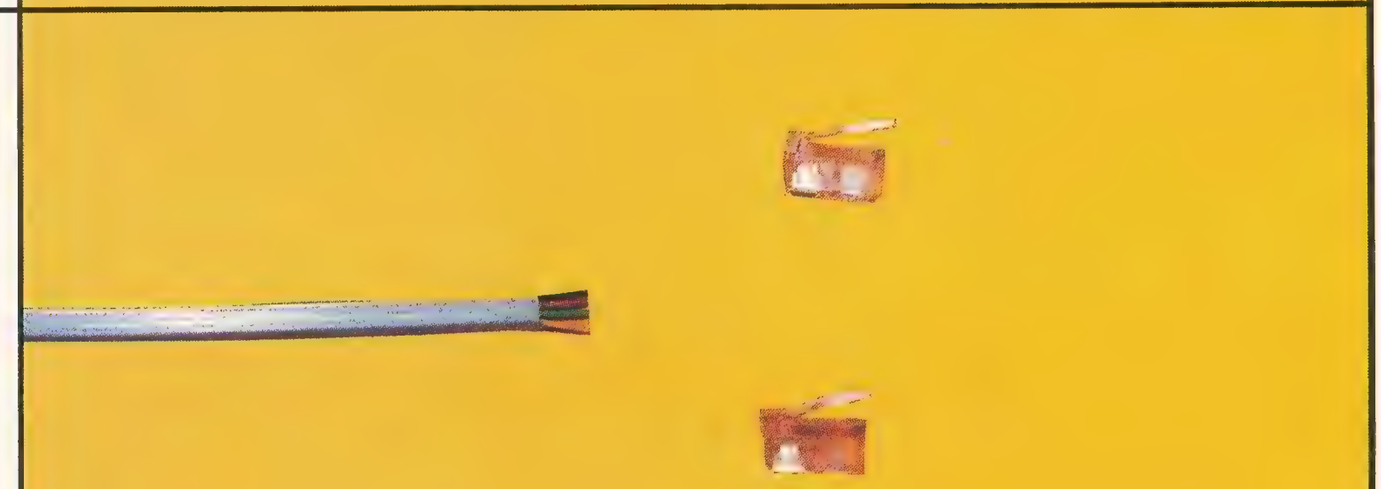
TL-CRIMPR **(4 Conductor)**
HAND TOOL
For Crimping Modular Telephone Plugs onto Flat Telephone Line Cord. Tool also Strips Line Cord to Proper Length for inserting into Modular Plug. Modular Plugs and Wire sold below.

Not for use with Handset Cords.



LINE CORD PLUGS - Modular, 4 Conductor
TL-PP/2 **(2 per pkg.)**
TL-PP/10 **(10 per pkg.)**
Modular plugs for use with TL-CRIMPR (above).

LINE CORD - Flat, 4 Conductor Cable
TL-LC/25 **(25 ft.)**
TL-LC/50 **(50 ft.)**
TL-LC/100 **(100 ft.)**
Line cord for use with TL-CRIMPR (above).



MADE IN U.S.A.

PFANTONE TELEPHONE HANDSET CORDS

MODULAR COILED HANDSET CORDS
To replace or extend modular cord between phone and handset (receiver).

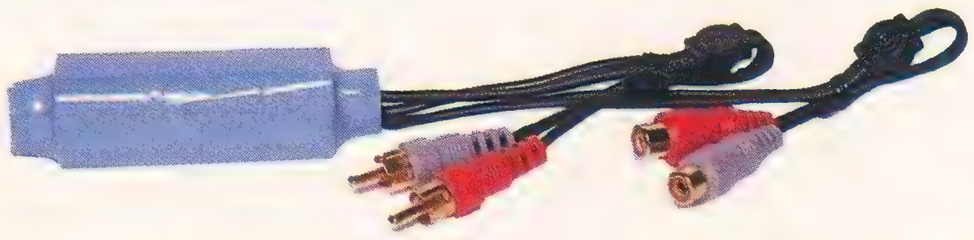
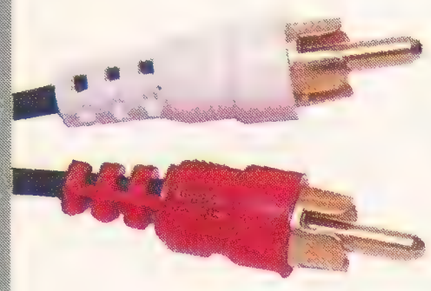
COILED REPLACEMENT HANDSET CORD
Coiled Cord (25 ft. extended), handset to phone. 4 Spade lugs each end, complete hook-up instructions.

CAR STEREO

The Top Car Stereo Movers!

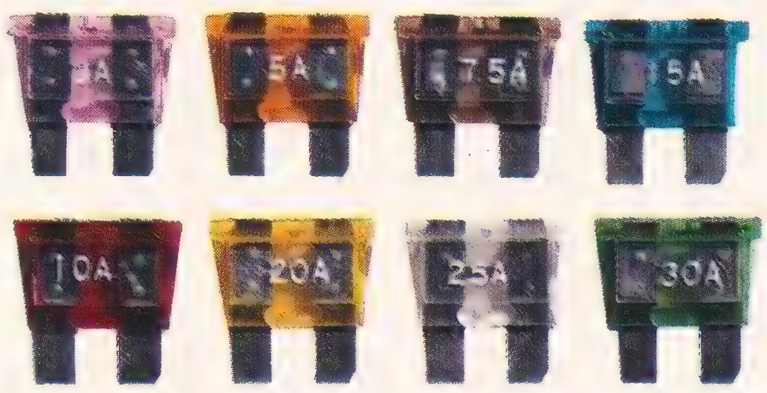


SIGNAL CONDITIONERS



DIN TO RCA CONVERSION CABLES

STEREO CONNECTION CABLES



FUSES

and much, much, much, more!

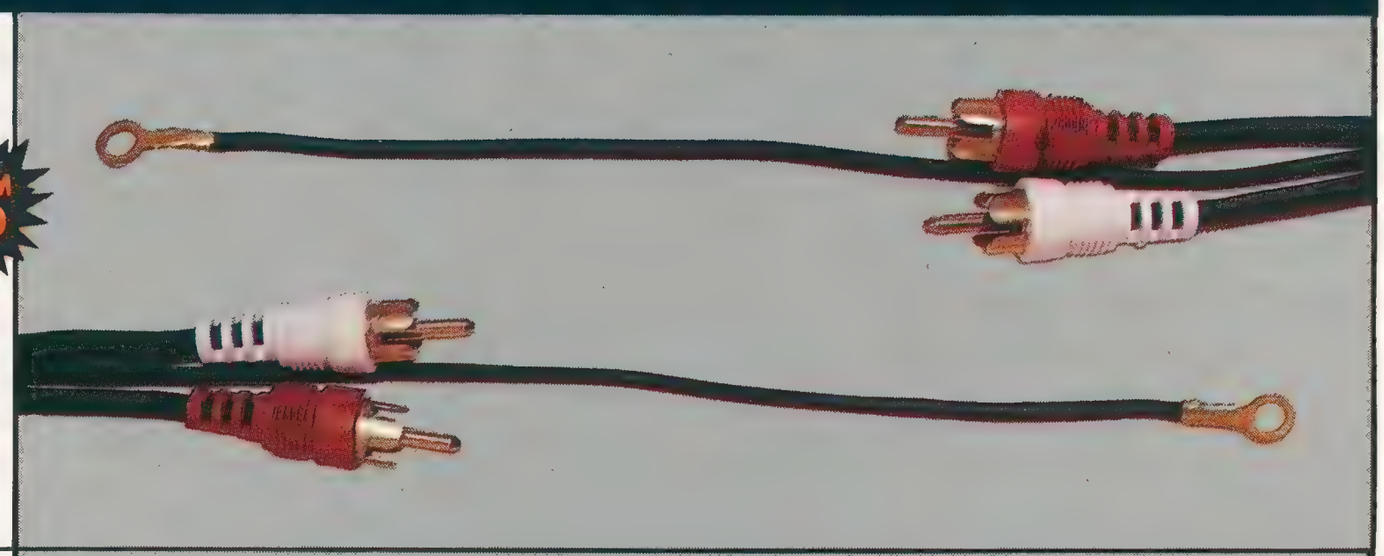
One of the fastest growing lines in the industry is car stereo. It combines two of America's greatest loves: mobility and high quality sound...and Pfantone products will keep you on top of the wave!

follow the leader

PFANTONE CAR STEREO CABLES

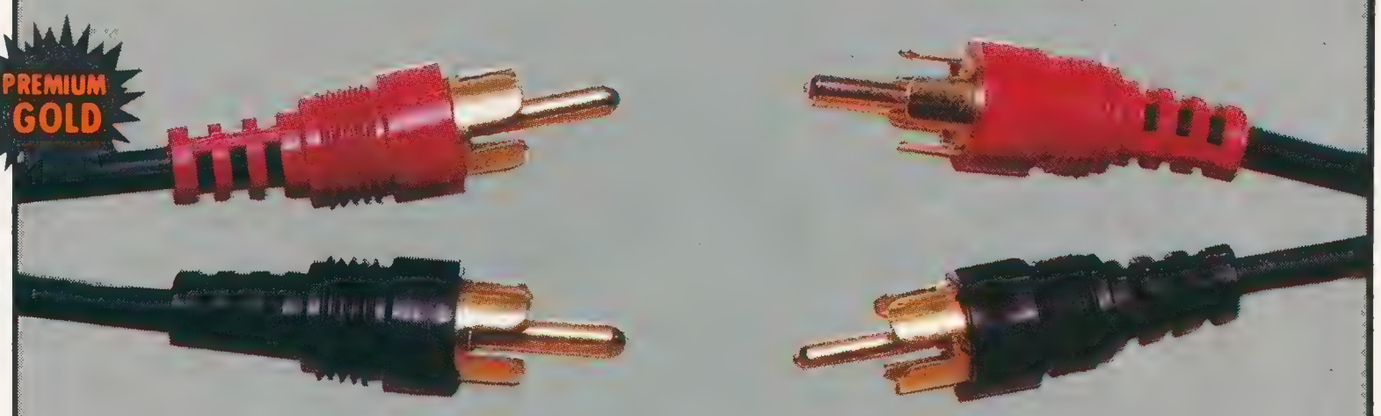
AS-AAG17AAGL (17 Ft.)
CAR STEREO CONNECTION CABLE
This High Quality Dual RCA Plug Cable incorporates a separate Ground Return Wire with Ring Lug Terminations. This allows grounding of Head Unit and Amp at One Point, preventing Ground Loop Problems. 20 Gauge Conductors, 100% Shielding, Heavy Duty Insulation. 24 Karat Gold Plated Connectors.

PREMIUM GOLD



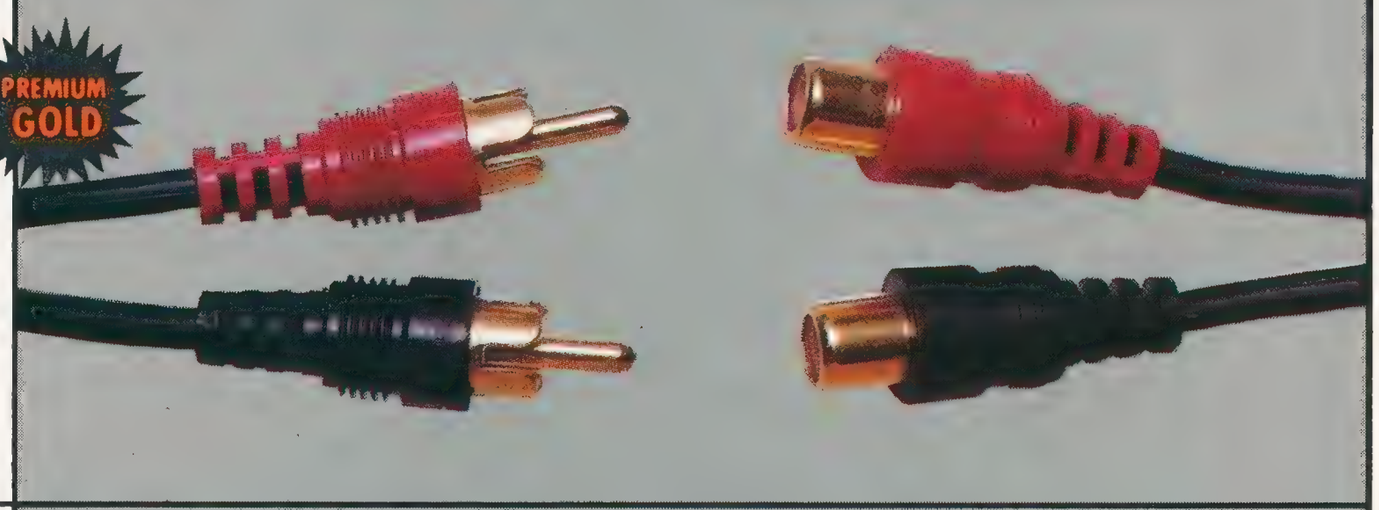
AS-AA1.5AAGL (1.5 Ft.)
AS-AA3AAGL (3 Ft.)
AS-AA6AAGL (6 Ft.)
AS-AA12AAGL (12 Ft.)
AS-AA17AAGL (17 Ft.)
CAR STEREO CONNECTION CABLES
These high quality stereo patch cords have a pair of color coded 24 karat gold plated RCA male plugs at both ends. The conductors are full 20 A.W.G. stranded copper. Each conductor is shielded with braided copper at 100% coverage. The black insulation is heavy duty for superior abrasion resistance.

PREMIUM GOLD



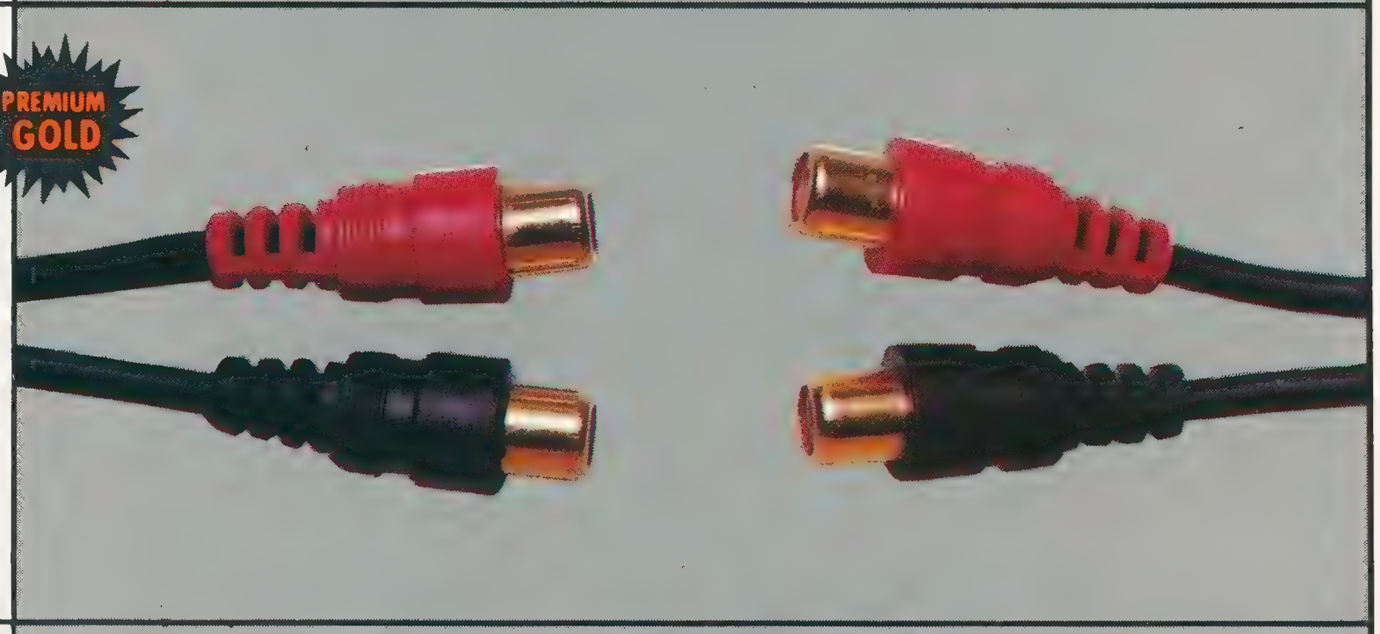
AS-AA1.5LLGL (1.5 Ft.)
AS-AA3LLGL (3 Ft.)
AS-AA6LLGL (6 Ft.)
AS-AA12LLGL (12 Ft.)
AS-AA17LLGL (17 Ft.)
CAR STEREO EXTENSION CORDS
These high quality stereo extension cords have a pair of color coded, 24 karat gold plated RCA male plugs at one end and matching RCA female jacks at the other. The conductors are full 20 A.W.G. stranded copper. Each conductor is shielded with braided copper at 100% coverage. The black insulation is heavy duty for superior abrasion resistance.

PREMIUM GOLD



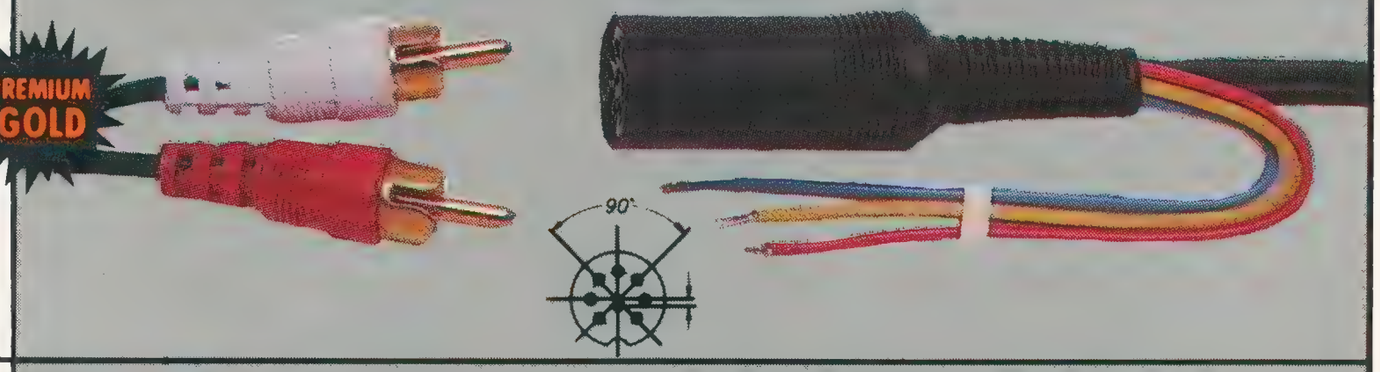
AS-LL1.5LLGL (1.5 Ft.)
AS-LL3LLGL (3 Ft.)
AS-LL6LLGL (6 Ft.)
AS-LL12LLGL (12 Ft.)
AS-LL17LLGL (17 Ft.)
CAR STEREO CONNECTION CABLES
These high quality stereo patch cords have a pair of color coded, 24 karat gold plated, RCA female jacks at both ends. The conductors are full 20 A.W.G. stranded copper. Each conductor is shielded with braided copper at 100% coverage. The black insulation is heavy duty for superior abrasion resistance. These cables are suitable for use between a head unit and an amplifier, equalizer or other equipment.

PREMIUM GOLD



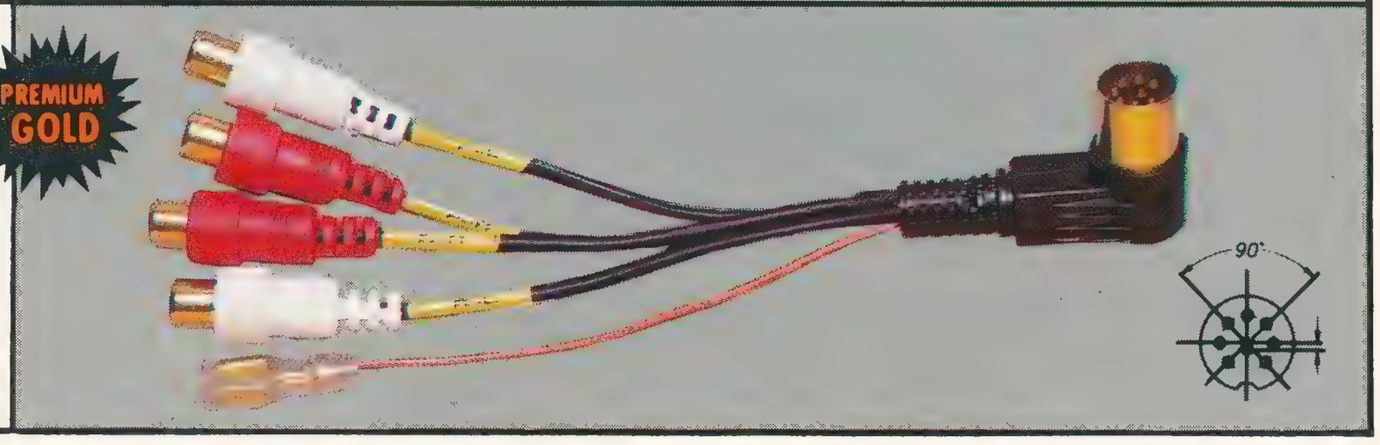
AS-ALP1GL (RCA-to-DIN Length, 19 in.)
CAR STEREO CABLE FOR ALPINE
8 Pin DIN Female Jack to 2 RCA Male Plugs and 3 Stripped Wires. Separate Signal Ground and Chassis Ground. All Contacts are 24 Karat Gold Plated.

PREMIUM GOLD



AS-AVX1GL (RCA-to-DIN Length, 6 in.)
CAR STEREO CABLE FOR AUDIOVOX
8 pin DIN male plug to 4 RCA female jacks and one wire. 24 karat gold plated contacts on DIN and RCA jacks.

PREMIUM GOLD

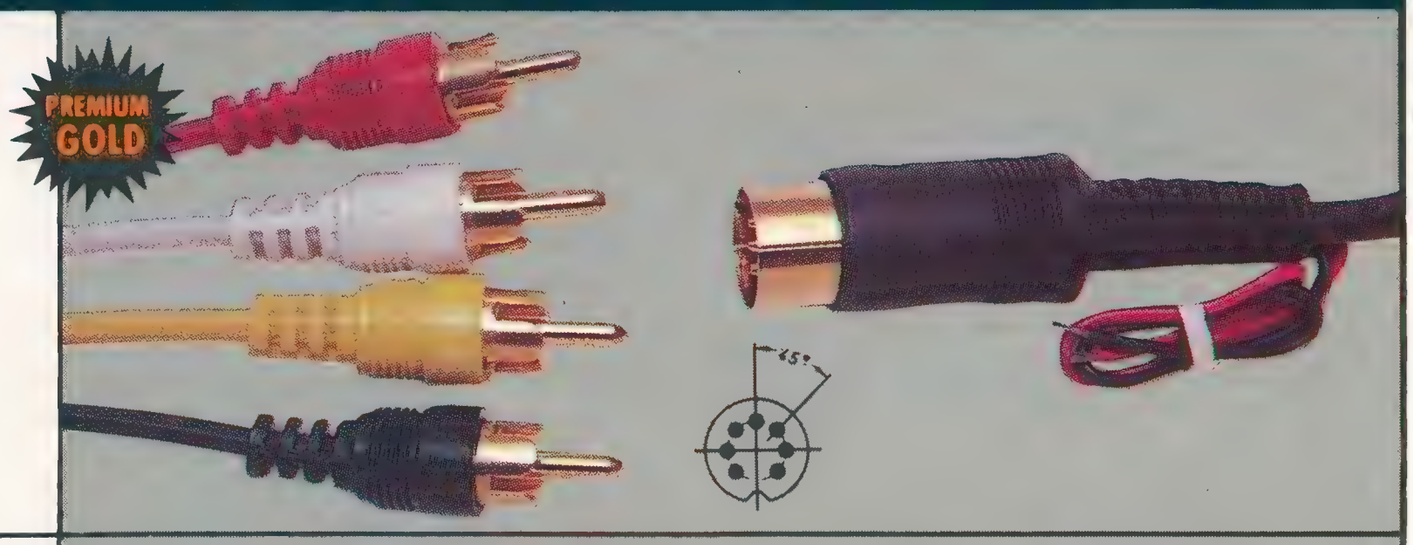


See page 3 for information on this symbol.

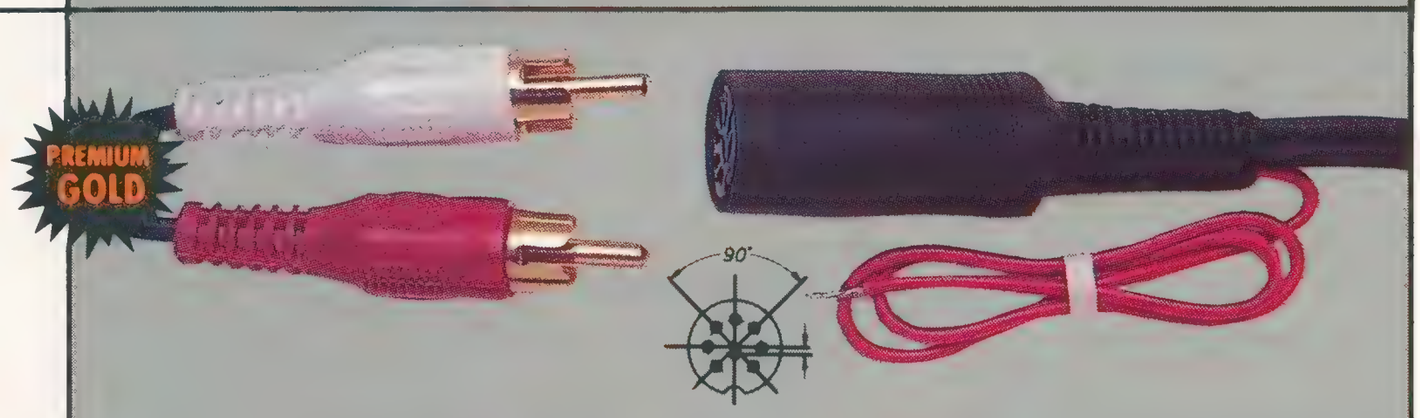
CAR STEREO CABLES continued next page

PFANTONE CAR STEREO CABLES (cont.)

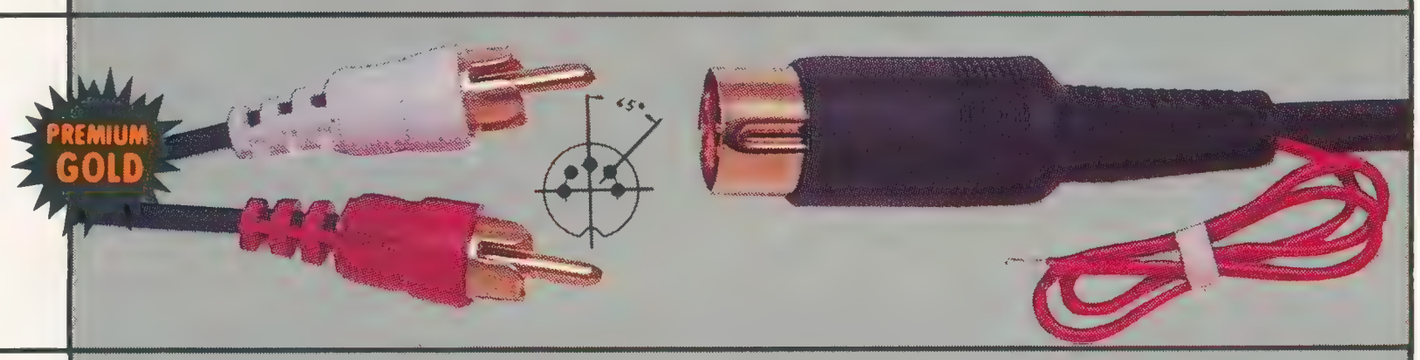
AS-BLAU1GL (RCA-to-DIN Length, 19 in.)
CAR STEREO CABLE FOR BLAUPUNKT
7 Pin DIN Male Plug to 4 RCA Male Plugs and 2 Stripped Wires. All Contacts are 24 Karat Gold Plated.



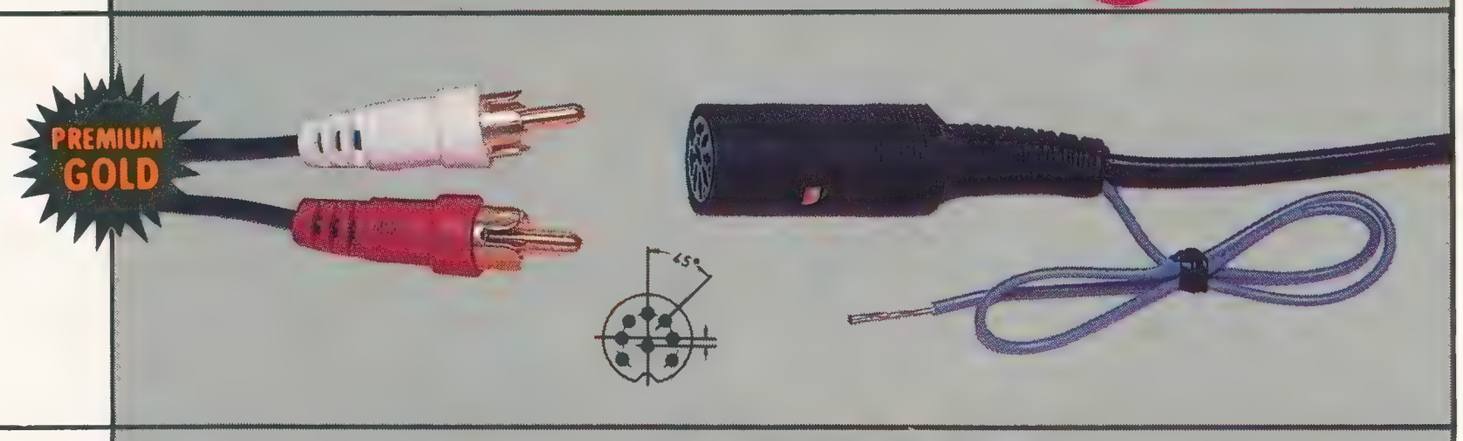
AS-KEN1GL (RCA-to-DIN Length, 19 in.)
CAR STEREO CABLE FOR KENWOOD
8 Pin DIN Female Jack to 2 RCA Male Plugs and 1 Stripped Wire. All Contacts are 24 Karat Gold Plated.



AS-KEN2GL (RCA-to-DIN Length, 19 in.)
CAR STEREO CABLE FOR KENWOOD
5 Pin DIN Male Plug to 2 RCA Male Plugs and 1 Stripped Wire. All Contacts are 24 Karat Gold Plated.

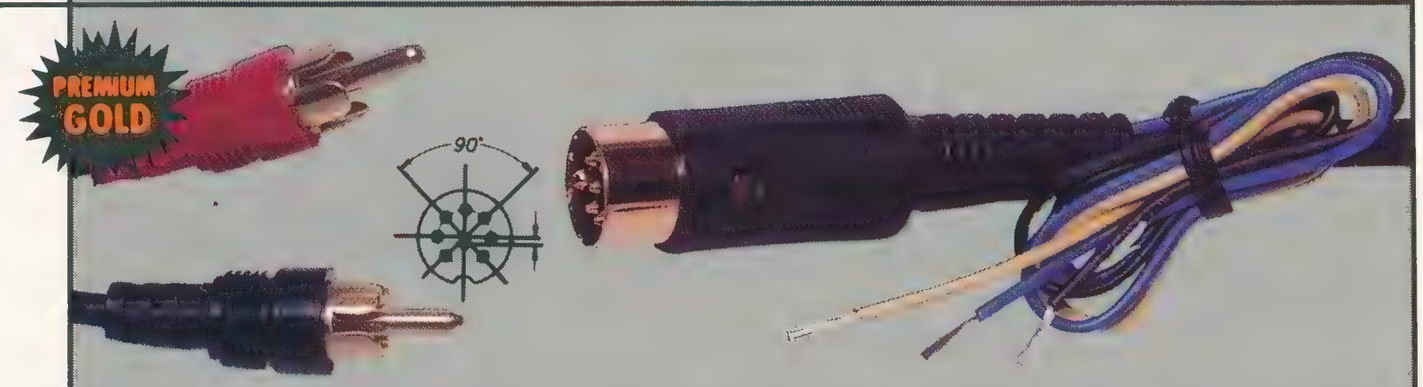


AS-KEN3GL (RCA-to-DIN Length, 19 in.)
CAR STEREO CABLE FOR KENWOOD
U Shaped (262°) 8 Pin DIN Female Jack to 2 RCA Male Plugs and 1 Stripped Wire. All Contacts 24 Karat Gold Plated.



AS-PION1GL (RCA-to-DIN Length, 25 in.)
CAR STEREO CABLE FOR PIONEER
8 pin DIN female jack to 2 RCA male plugs and 4 stripped wires. 24 karat gold plated contacts.

AS-PION2GL (RCA-to-DIN Length, 19 in.)
CAR STEREO CABLE FOR PIONEER
8 pin DIN male plug to 2 RCA male plugs and 3 stripped wires. 24 karat gold plated contacts.

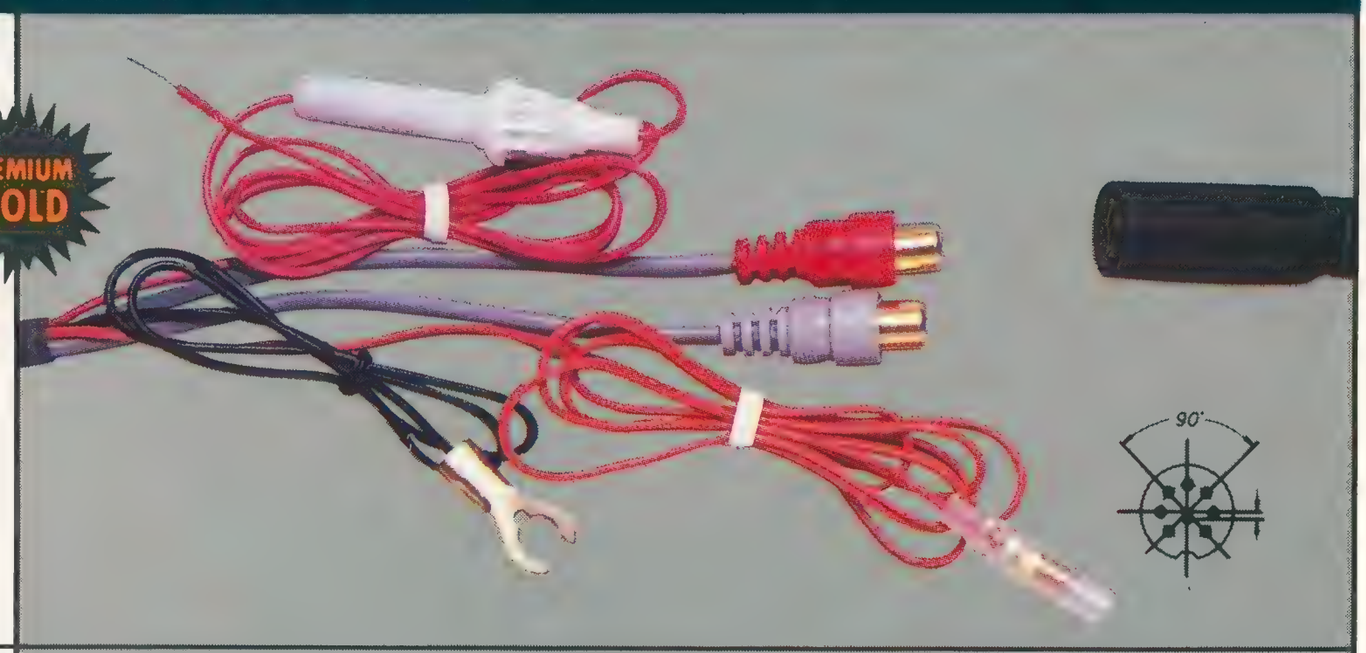


AS-SONY1GL (RCA-to-DIN Length, 19 in.)
CAR STEREO CABLE FOR SONY
8 Pin DIN Female Jack to 2 RCA Male Plugs and 3 Stripped Wires. All Contacts are 24 Karat Gold Plated.

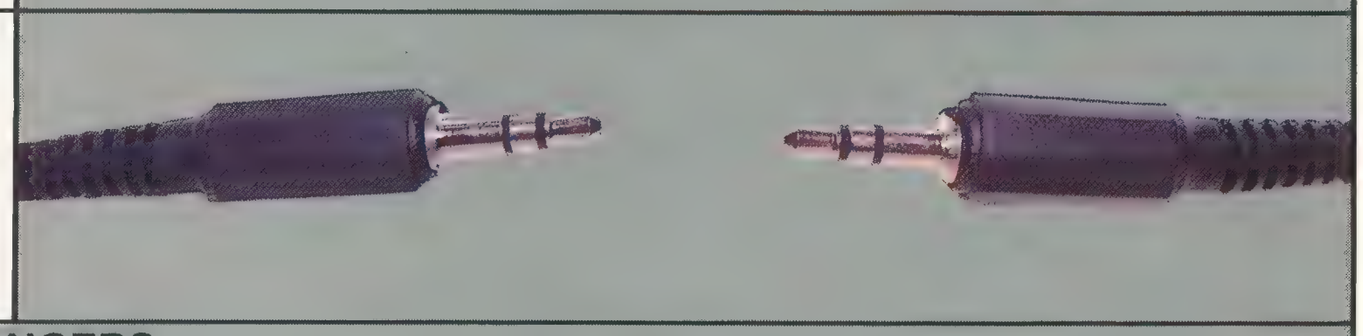
See page 3 for information on this symbol.

PFANTONE CAR STEREO CABLES

AS-TECH1GL (RCA-to-DIN Length, 14 in.)
CAR STEREO CABLE FOR TECHNICS
8 pin DIN female jack to 2 RCA female jacks and 3 wires. Includes inline fuse holder and 1 amp AGC glass fuse. 24 karat gold plated contacts on DIN and RCA jacks.



AS-Y6Y (6 Ft.)
PORTABLE CD PLAYER TO CAR STEREO, CABLE
3.5mm stereo mini plug each end. Connects between portable CD's mini headphone jack and car stereo's 3.5mm stereo input jack.



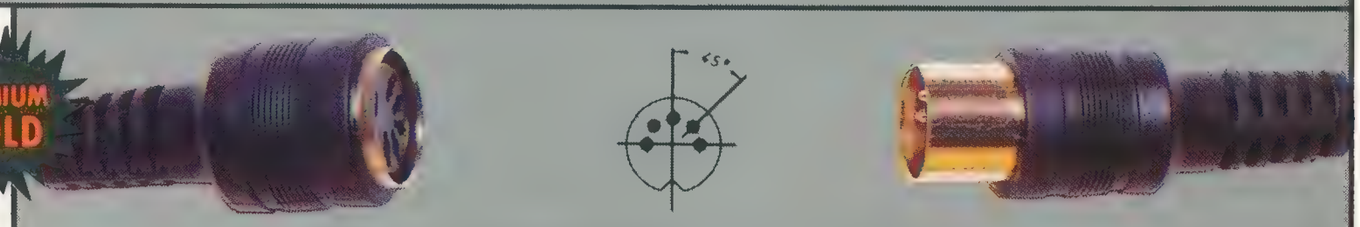
DIN EXTENSION CABLES AND DIN SEX CHANGERS
These are available either shielded or non-shielded.

The shielded versions have 100% coverage of stranded copper as a single shield surrounding all conductors. Shielded cables are designed for use where internal automotive computer chips or other electronics present serious radiated noise problems.

The non-shielded versions are designed for use in the 80% of installations where electronic radiation noise is not a problem. Non-shielded versions are lower in price than shielded versions.

DIN EXTENSION CABLES
These male to female DIN extension cables have 24 karat gold plated contacts and are wired "straight through" (pin 1 to pin 1, 2 to 2, etc.).

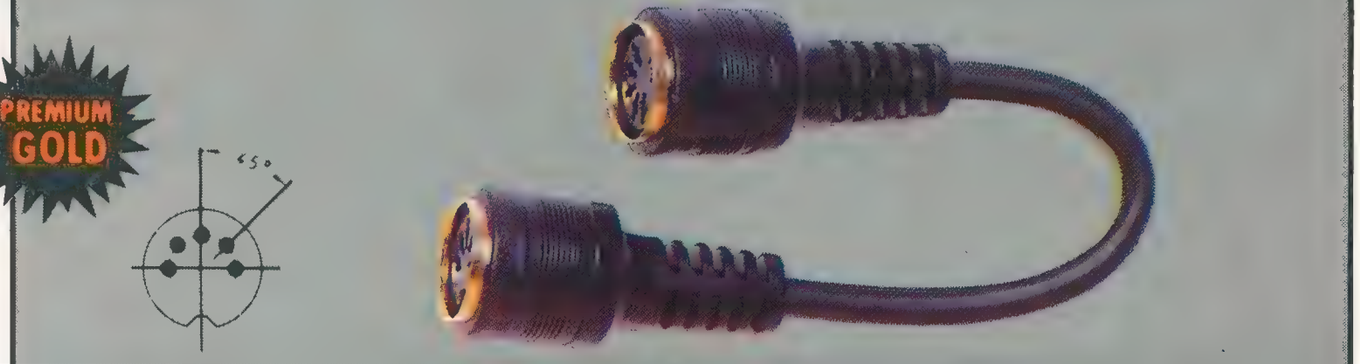
AS-5DINMF6GLS (5 Pin, 6 Ft., Shielded)
AS-5DINMF6GL (5 Pin, 6 Ft., Non-shielded)
AS-5DINMF17GLS (5 Pin, 17 Ft., Shielded)
AS-5DINMF17GL (5 Pin, 17 Ft., Non-shielded)



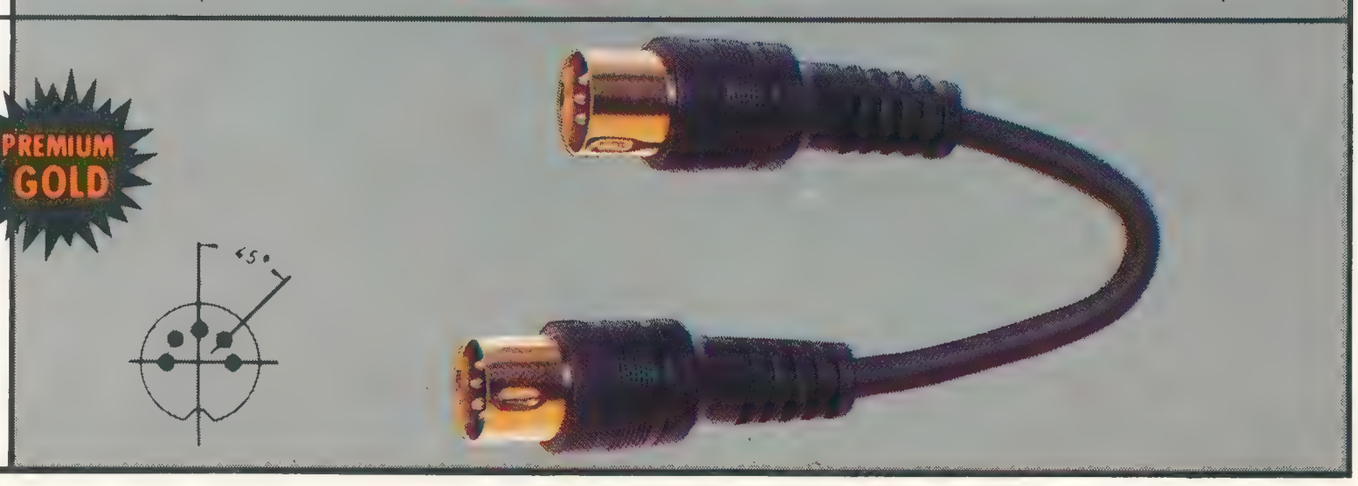
AS-8DINMF6GLS (8 Pin, 6 Ft., Shielded)
AS-8DINMF6GL (8 Pin, 6 Ft., Non-shielded)
AS-8DINMF17GLS (8 Pin, 17 Ft., Shielded)
AS-8DINMF17GL (8 Pin, 17 Ft., Non-shielded)

DIN SEX CHANGERS
These short, 3 inch, DIN sex change cables have 24 karat gold plated contacts and are wired "straight through" (pin 1 to pin 1, 2 to 2, etc.).

AS-5DINFFGLS (5 Pin, Female to Female, Shielded)
AS-5DINFFGL (5 Pin, Female to Female, Non-shielded)
Changes a male 5 pin DIN into a female.



AS-5DINMMGLS (5 Pin, Male to Male, Shielded)
AS-5DINMMGL (5 Pin, Male to Male, Non-shielded)
Changes a female 5 pin DIN into a male.



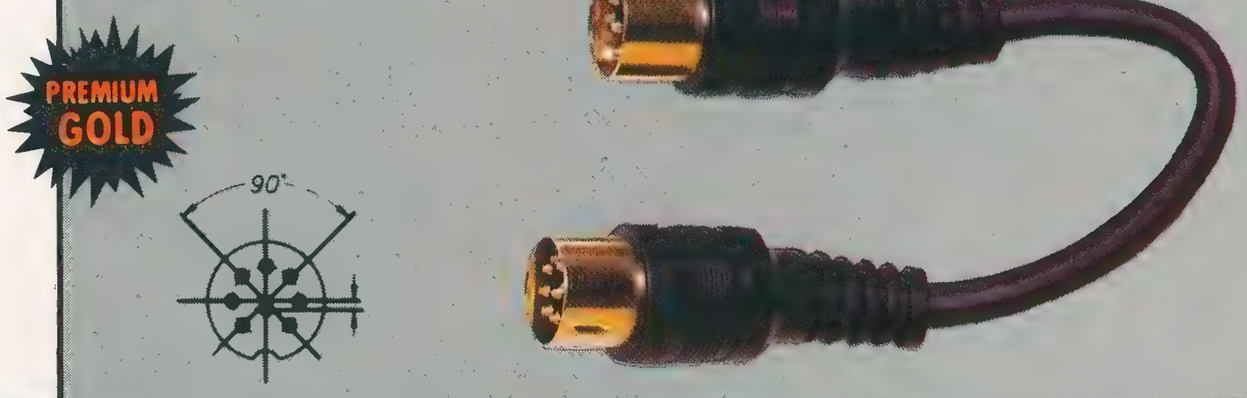
See page 3 for information on this symbol.

CAR STEREO CABLES continued next page

PFANTONE CAR STEREO CABLES (cont.)

AS-8DINFFGLS (8 Pin, Female to Female, Shielded)
AS-8DINFFGL (8 Pin, Female to Female, Non-shielded)
Changes a male 8 pin DIN into a female.

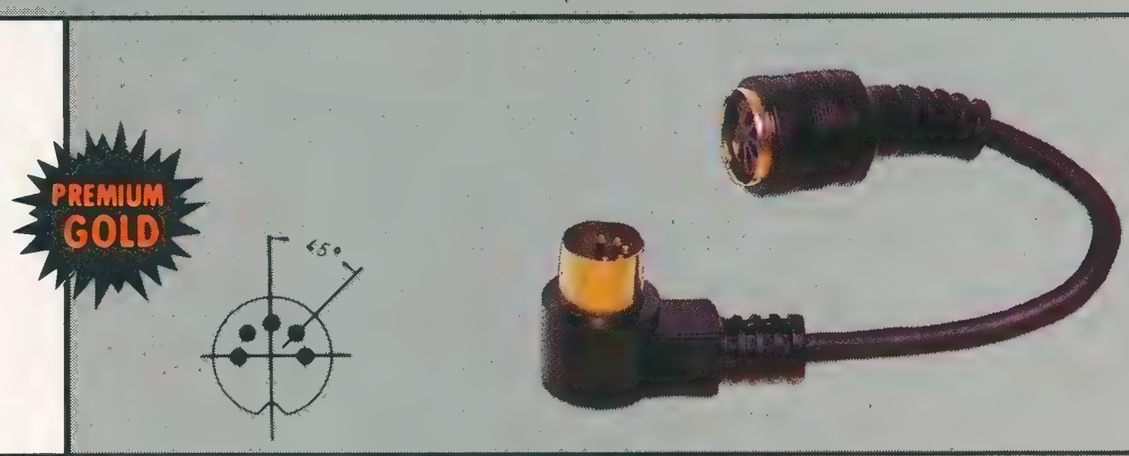
AS-8DINMMGLS (8 Pin, Male to Male, Shielded)
AS-8DINMMGL (8 Pin, Male to Male, Non-shielded)
Changes a female 8 pin DIN into a male.



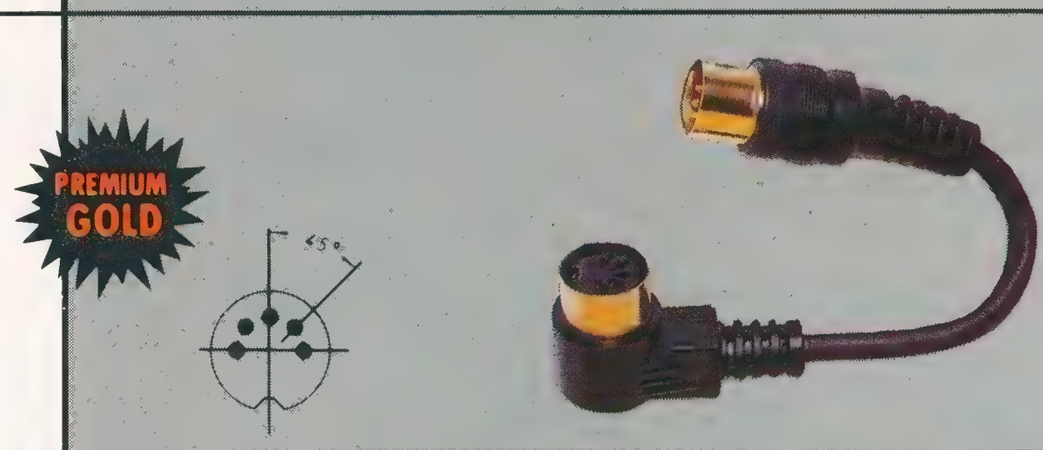
DIN RIGHT ANGLE ADAPTERS

These Shielded Adapters Convert a Standard DIN Plug or Jack Into a Right Angle Plug or Jack for Use Where Space is Tight. Each Unit is 6 Inches Long and is Fully Shielded With Stranded Copper. All Connectors are Molded in Place, Have Strain Reliefs and are 24 Karat Gold Plated.

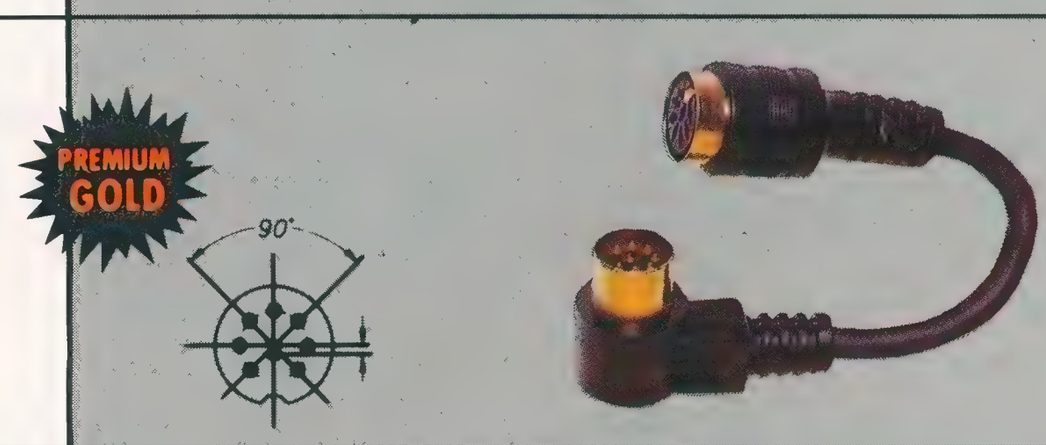
AS-5DINFMRAGL
Changes a Straight 5 Pin Male DIN Into a Right Angle 5 Pin Male DIN.



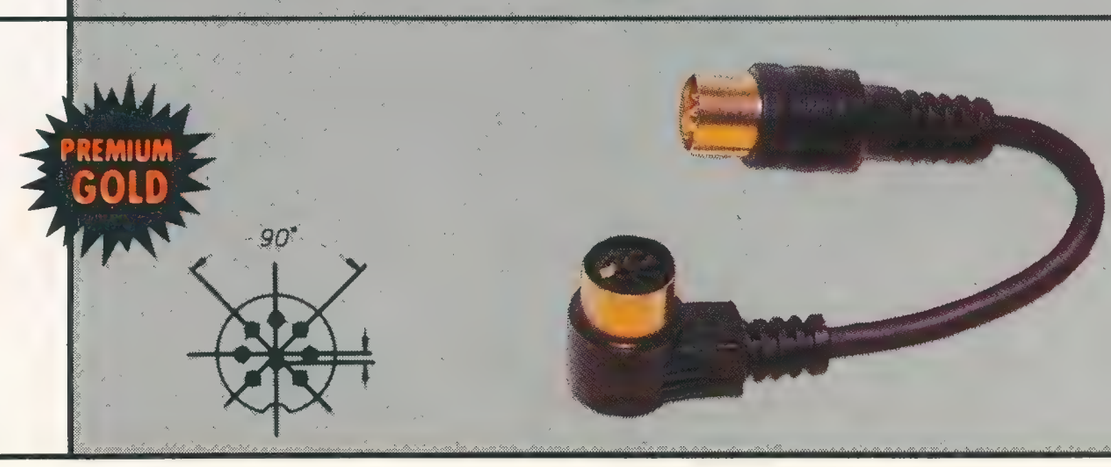
AS-5DINMFRAGL
Changes a Straight 5 Pin Female DIN Into a Right Angle 5 Pin Female DIN.



AS-8DINFMRAGL
Changes a Straight 8 Pin Male DIN Into a Right Angle 8 Pin Male DIN.



AS-8DINMFRAGL
Changes a Straight 8 Pin Female DIN Into a Right Angle 8 Pin Female DIN.



See page 3 for information on this symbol.

PFANTONE FUSES

AUTOMOTIVE FUSES

These blade type fuses are suitable for use wherever ATC, ATG or ATO fuses are specified. They are SEALED ELEMENT type, making them perfect for car stereo, marine or general automotive use. The plastic housing for each fuse is color coded for easy amperage identification.

3 AMP
AS-ATC3A/2 **(2 Per Blister Pkg.)**
ATC3A100B **(100 Bulk)**
ATC3A500B **(500 Bulk)**

ASSORTMENT PACK
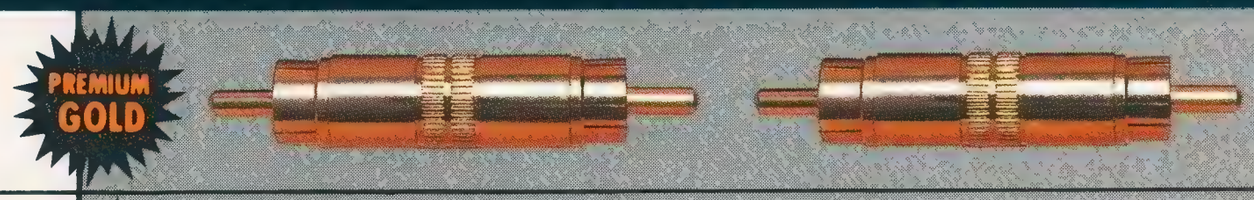
AS-MDLKIT
Six fuses in a blister package, one each of the following amperages: 2, 5, 10, 15, 20, 25.

AS-AGCFH (One per blister card)
AGCFH100B (100 Bulk)
AGCFH500B (500 Bulk)

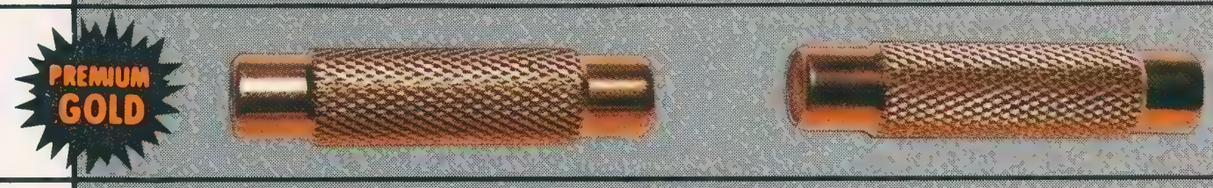
AGC FUSE HOLDERS
Heavy duty, spring loaded, nylon fuse holder for AGC (3AG) or MDL glass fuses. Extra long (24 inch total) wires are 16 gauge.

PFANTONE CAR STEREO SPECIALTIES

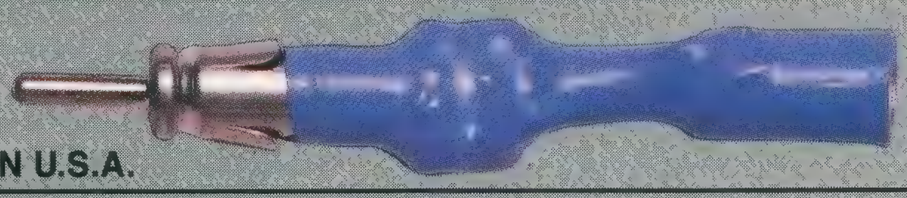
AS-ATAGL (2 Per Pkg.)
CABLE COUPLER
RCA Plug to RCA Plug, Shielded Adapter.
24 Karat Gold Plated.



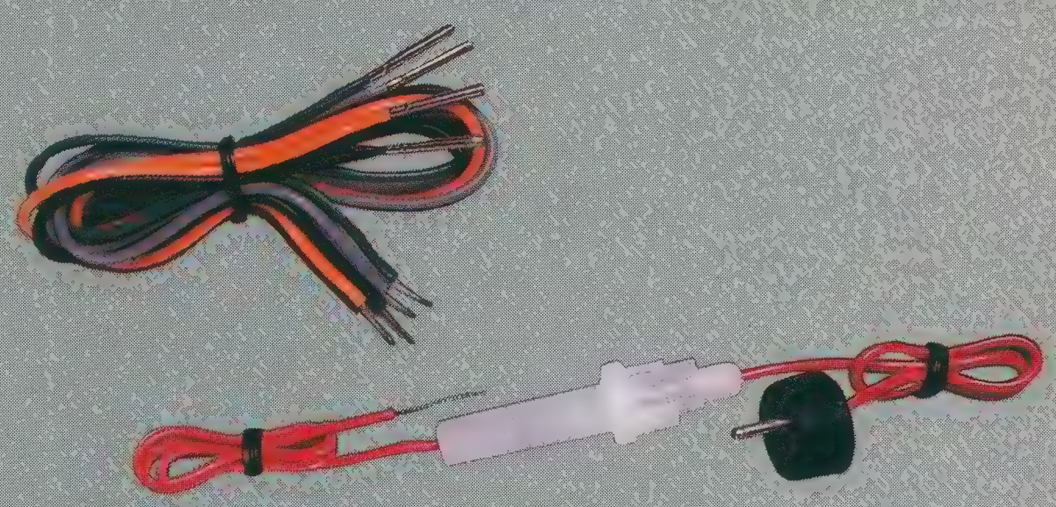
AS-LTLGL (2 Per Pkg.)
CABLE COUPLER
RCA Jack to RCA Jack, Shielded Adapter. 24 Karat Gold Plated.



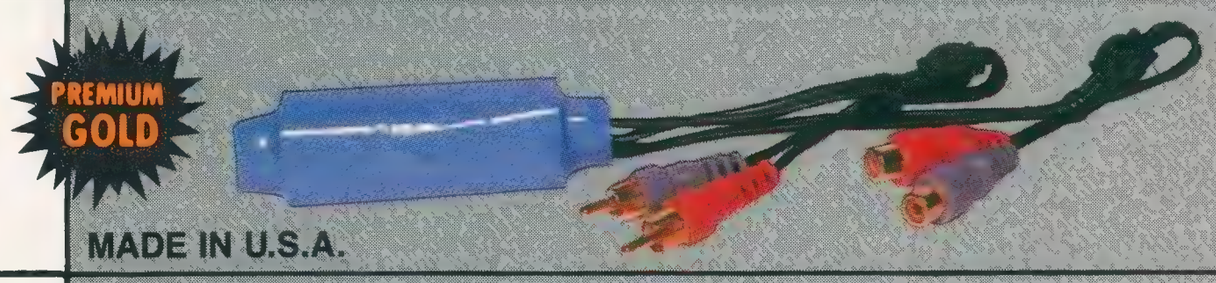
AS-ANE1
ANTENNA NOISE ELIMINATOR
Breaks Ground Loop and reduces Antenna Ground Conducted Noise in Auto or Marine Systems. Plugs into Antenna Lead at Radio.



AS-UPC1
UNIVERSAL POWER CORD
CAR STEREO CONNECTOR has 5 changeable pins with color-coded leads, to be fitted into ten locations in plug, in any combination needed. Includes 3 amp Fuse, Holder and complete instructions.



AS-SNE
SIGNAL NOISE ELIMINATOR
Isolates low level signal output and ground to suppress noise. Adapts floating or bridged output to common ground amplifier or equalizer. 24 karat gold plated plugs and jacks.

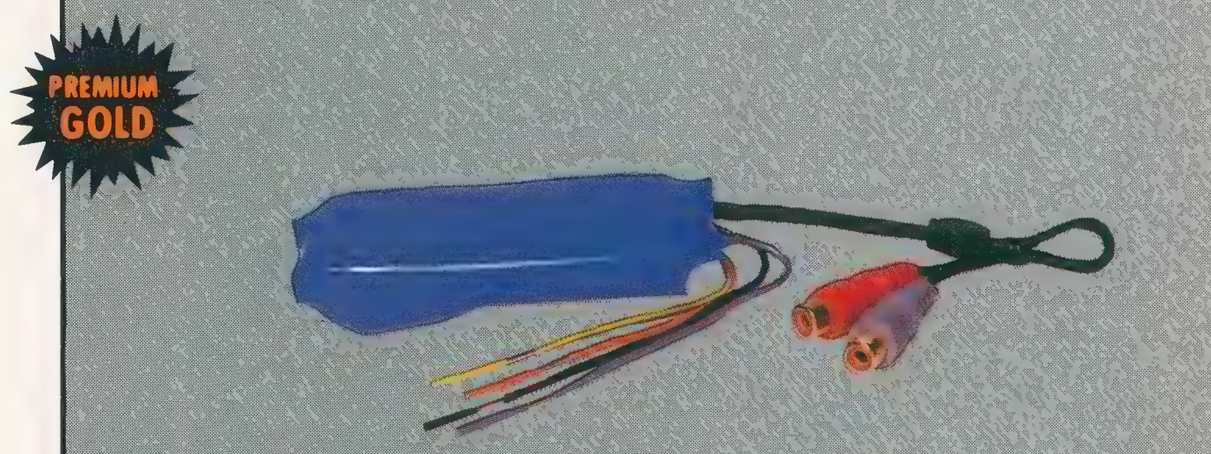


NOISE ELIMINATING OUTPUT REDUCERS
These Units isolate Signal and Ground to Eliminate Noise. They also reduce Amplified Speaker Output from a Car Stereo Head Unit to Pre-Amp Level so that the Signal can be Safely fed into a Separate Amplifier. They automatically adapt Floating or Bridged Outputs to Common Ground Amplifier or Equalizer. All Connector Contacts are 24 Karat Gold Plated.

AS-SNE/OR8 (Fixed Output Reduction)
Use with Car Stereo that has 2 to 8 Watts of Output Per Channel.

AS-SNE/OR15 (Fixed Output Reduction)
Use with Car Stereo that has 9 to 15 Watts of Output Per Channel.

AS-SNE/OR40 (Adjustable Output Reduction)
Use with Car Stereo that has 2 to 40 Watts of Output Per Channel. Each Channel is Independently Adjustable for Perfect Match to Amplifier.

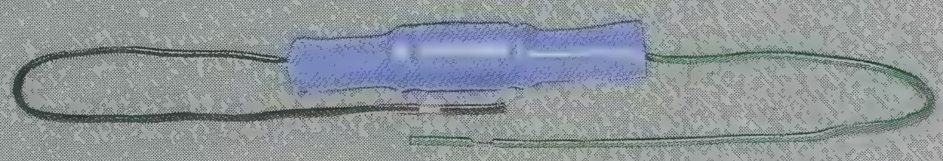


BASS BLOCKERS
Bass blockers stop speaker distortion by preventing low frequencies from reaching small diameter speakers.

AS-BB1-3
BASS BLOCKER
Blocks frequencies below 150Hz (8Ω) or 300Hz (4Ω).
Splice into lead to 5 inch or smaller speaker.

AS-BB3-6
BASS BLOCKER
Blocks frequencies below 300Hz (8Ω) or 600Hz (4Ω).
Splice into lead to 4 inch or smaller speaker.

AS-BB6-12
BASS BLOCKER
Blocks frequencies below 600Hz (8Ω) or 1200 Hz (4Ω).
Splice into lead to 4 inch or smaller speaker.



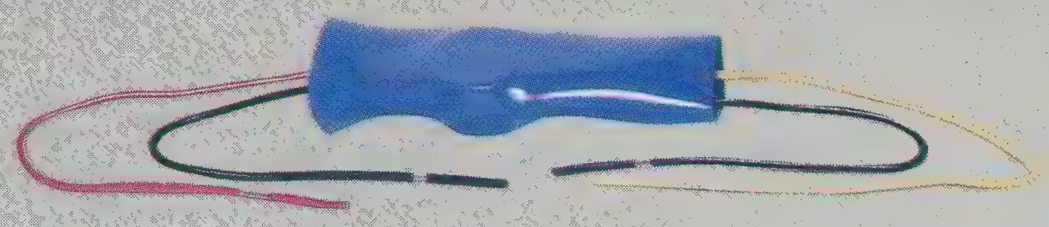
See page 3 for information on this symbol.

CAR STEREO SPECIALTIES continued next page

PFANTONE CAR STEREO SPECIALTIES (cont.)

AS-4TC6K
TWEETER CROSSOVER
This 4Ω, 250 watt passive crossover limits signal to 6000Hz and above, insuring crystal clear, undistorted highs. Precise 18dB per octave cutoff protects tweeter.

AS-8TC6K
TWEETER CROSSOVER
This 8Ω, 250 watt passive crossover limits signal to 6000Hz and above, insuring crystal clear, undistorted highs. Precise 18dB per octave cutoff protects tweeter.

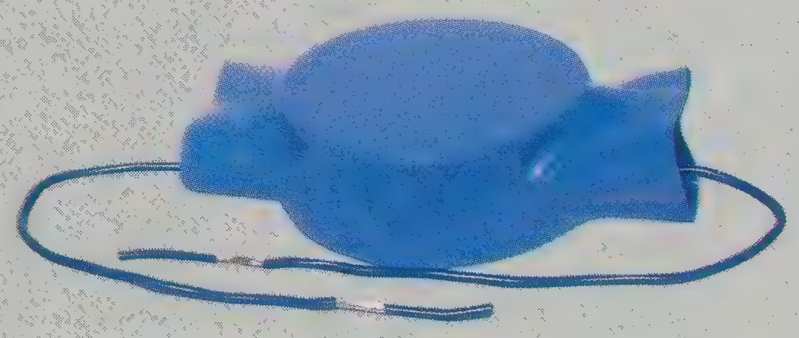


MADE IN U.S.A.

TREBLE BLOCKERS
Treble blockers prevent high frequencies from reaching woofers and causing distortion. Treble blockers allow powerful, clean bass reproduction.

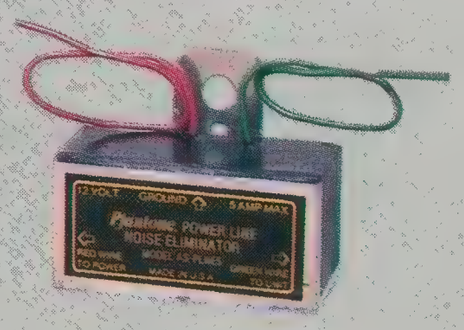
AS-TB3-6
TREBLE BLOCKER
Blocks frequencies above 300Hz (4Ω) or 600 Hz (8Ω). Splice into lead to woofer. Handles up to 500 watts.

AS-TB6-12
TREBLE BLOCKER
Blocks frequencies above 600Hz (4Ω) or 1200 Hz (8Ω). Splice into lead to woofer. Handles up to 500 watts.



MADE IN U.S.A.

AS-PLNE5
5 AMP POWER LINE NOISE ELIMINATOR
This 12 VDC, negative ground noise filter installs in the power lead to any stereo, CB or other equipment fused at 5 amps or less. The transistorized, active circuitry is extremely effective at eliminating noise.

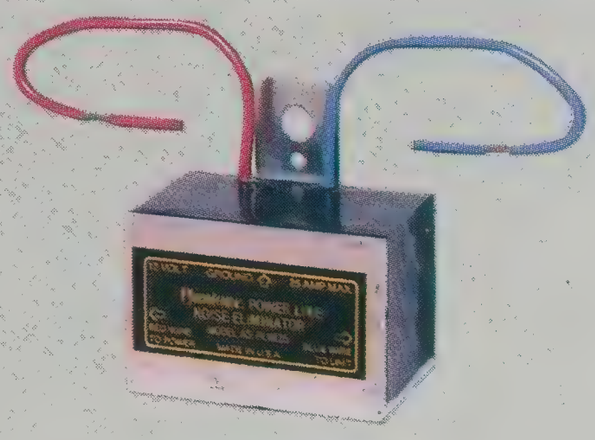


MADE IN U.S.A.

AS-PLNE10
10 AMP POWER LINE NOISE ELIMINATOR
Same specifications as AS-PLNE5 (above) but for use with equipment fused at 10 amps or less.

MADE IN U.S.A.

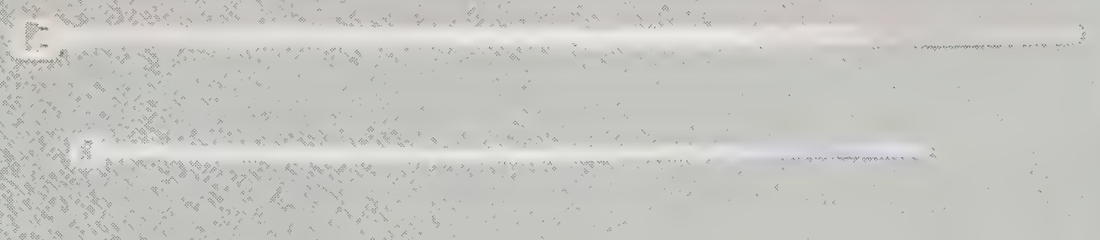
AS-PLNE25
25 AMP POWER LINE NOISE ELIMINATOR
Same specifications as AS-PLNE5 (above) but for use with equipment fused at 25 amps or less.



MADE IN U.S.A.

NYLON WIRE TIES
High Quality, U.S. Made Ties, Available in Blister Package or Bulk.
AS-WT6/20 **(20 per blister card)**
WT6/500B **(500 Bulk)**
WT6/1000B **(1000 Bulk)**
"6 Inch" Ties (5-3/4 Long X 1/8 Wide X 1/16 Thick).

AS-WT4/20 **(20 per blister card)**
WT4/500B **(500 Bulk)**
WT4/1000B **(1000 Bulk)**
4-1/2 Inch Ties (4-1/2 Long X 3/16 Wide X 1/32 Thick).



MADE IN U.S.A.

PFANTONE TAPE PRODUCTS

C-4B BOXES (LEFT)
CASSETTE STORAGE BOXES
4 Philips-type boxes in film wrapped hang-up display package. Gives complete protection.

C-MC MAILERS (RIGHT)
CASSETTE MAILING CARTONS
Empty cartons to mail cassettes.
Package of 6. Hub locks included.

MADE IN U.S.A.

C-HC (LEFT)
CASSETTE HEAD CLEANER
Quickly removes dirt and oxides from tape heads. Simple to use.

T-HC (RIGHT)
TAPE HEAD CLEANER
Specially formulated solvent removes oxides, dirt, from tape heads. EXTRA LONG Swabs to reach recessed heads.

MADE IN U.S.A.

C-CK NON-ABRASIVE CASSETTE HEAD CLEANING KIT (LEFT)
Uses Cloth Tape and Cleaning Fluid to gently buff away Oxides and Dirt from Head, Capstan and Pinch Roller.

C-PW PINWHEEL TOTAL MAINTENANCE FOR CASSETTE PLAYERS (RIGHT)
Demagnetizes AND Cleans Record/Playback Head, also cleans Erase Head. Uses non-abrasive Cloth Tape and Cleaning Fluid. Cleans Capstan Drive to Insure Good Tape Travel.

MADE IN U.S.A.

CK-S (LEFT)
LIQUID REFILL FOR KITS
Cleaning Solution for Heads and Capstans. Use with Kits, or with Swabs. Will not Harm Rubber parts.

T-LS (20 Per Pkg.) (RIGHT)
T-LS/100 (100 Per Pkg.) (RIGHT)
EXTRA LONG COTTON SWABS
Long Swabs for Tape Head Cleaning. Makes Cleaning Recessed Heads a Breeze.

MADE IN U.S.A.

MCHC
MICRO-CASSETTE HEAD CLEANING KIT
For Micro-Cassette Tape Recorders and Answering Machines. Wet System contains Micro-Cassette with Non-Abrasive Cleaning Tape and Bottle of Head Cleaner Fluid.

60 MINUTE MICRO CASSETTES
Leaderless Micro Cassettes for Telephone Answering Machines and for Micro Recorders

TL-M60 (One Per Blister Card)
M60/3 (Three Per Blister Card)

Zygal	All Models	C-Q/D2MS or C-Q/D2NY

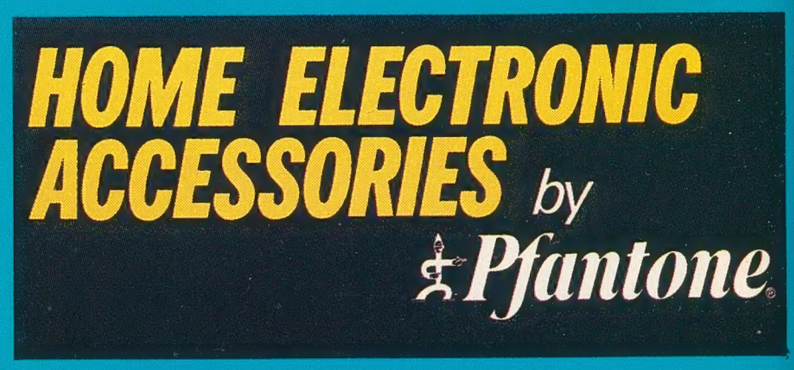
NOTES AND ADDITIONS

Pfanstiehl®

HEADERS and RACKS

Pfantone is the leader in P.O.P. displays, including a complete line of headers and racks that draw attention, inform and sell! Leading edge graphic design and the use of vibrant colors make these displays classy additions to any store.

The large headers are 8″ high and 36″wide, printed on one side; smaller signs are 8″ x approximately 18″, printed two sides. The low-rise design of the headers prevents any security problems created by "blind spots."



We Turn Point-of-Purchase into Point-of-Profit!

The name of the game is Return on Investment per square foot...with Pfantone pegboard racks you'll create some of the most profitable square footage in your store! You decide how many SKUs and turns you can handle; Pfantone has a rack that can meet your goal. Counter racks, floor racks, even circular and four-sided displays...everything you need to turn a portion of your store into an "accessories headquarters" is available from Pfantone.

NOTE: All height specifications on racks include headers.
